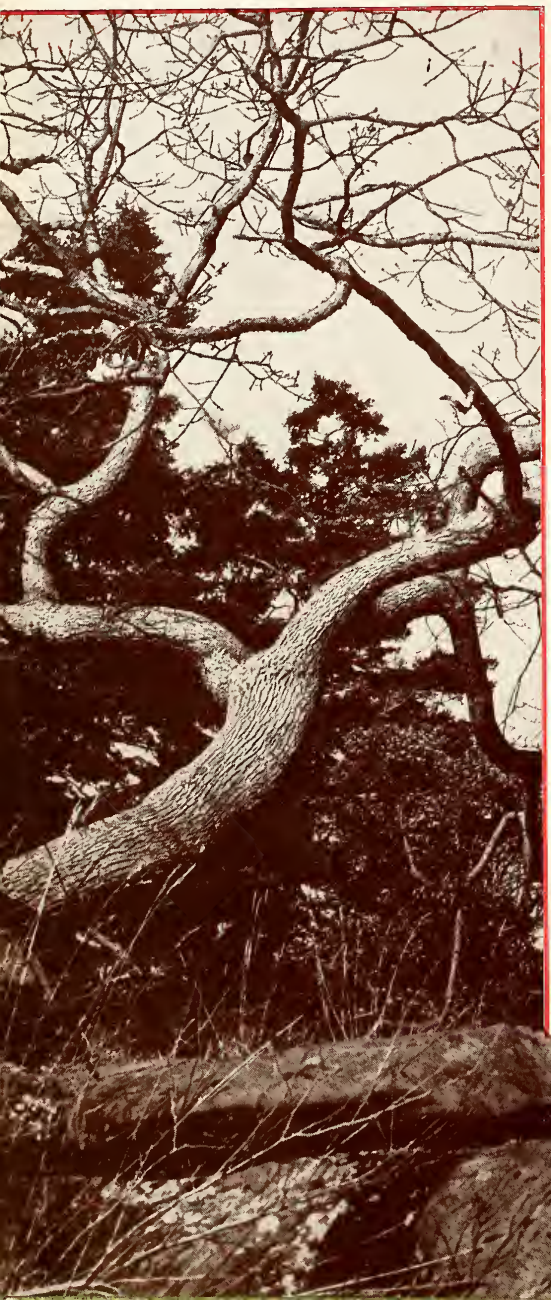
FOREWORD



THE torpor of eight o'clock lectures . . . the way your prof mumbles into his collar . . . howling mobs rushing to the Caf. at noon . . . studying till the small hours . . . squeezing into a booth after a formal . . . these memories are among the mind's gallery to appear in future years at the mention of "Varsity '46".

University life in its broader aspects, with new viewpoints and warm friendships, widens the vision and strengthens the purpose of everyone it touches. Many students pass through years of change and expansion which they will see in retrospect as profoundly influential periods in their lives; like a traveller at the bend of a road, they will pause to look back to the landmarks that lie behind.

It is the essence of university life that we have attempted to present; may your glances backward be happy interludes in a shining future!

DEDICA

These years open a new age. Man's new machines threaten to annihilate their builders as long as social responsibility lags far behind technological development.

In order to survive, man must make world citizenship a reality. The old nationalism must be put aside; the concept of the commonwealth of all nations must take its place. As the unique beauties of our own country are only a part of the earth's bounty, so must our national welfare be integrated within the common cause.

To this ideal we dedicate this book.

PEACE

THE students who proposed a professorship of peace as a war memorial had the right idea, even if there were difficulties in working it out. They recognized that the only adequate tribute to the fallen is to see that their sacrifice is not in vain, that the causes of war are sougt out and rooted out. They realized that peace is not a negative thing, the mere absence of war, but a positive, dynamic force generated in the minds of men dedicated to the cause of law and justice.

The plain speaking that has characterized our post-war diplomacy has given an impression of a world anything but peaceful. But it is better to have all the dangers clearly indicated than to say, "Peace, peace; when there is no peace." Then men of good will can set themselves to remove the causes of friction. Moreover, the stirrings and strivings after more political freedom in various parts of the world need to be guided, not suppressed. The conditions of peace can never be static in a changing world, and people who devote themselves to maintaining the *status quo* are no true friends of peace.

The United Nations Charter does not of itself guarantee peace and security, the opportunity to build a better world in an atmosphere of freedom from fear. It merely provides machinery which may be used to achieve that end, if men have a mind to work it unselfishly. What is needed, then, is a change in the hearts of men. Nothing less than a great spiritual awakening can create the conditions of peace.

Graduates of the University of Alberta are expected to be enlightened citizens, who take a positive stand on every important issue. If they speak out plainly, their influence will soon spread and be multiplied. No issue transcends in importance the maintenance of a just peace. For what says the law?

> *"Ye shall not therefore oppress one another; but thou shalt fear thy God: for I am the Lord your God. Wherefore ye shall do my statutes, and keep my judgments, and do them; and ye shall dwell in the land in safety."* LEV. 25: 17-18.

FRESHMAN CLASS

Honorary President, Dr. J. L. Morrison

In September of 1945 the first wave of student veterans rolled over Alberta's campus; a new group, worlds removed from the average freshman. More mature men filed into freshman lectures, with a universal determination to make good back at the books which they had so long ago laid aside.

The class as a whole entered into most of the campus activities. In their class play, "The Jack and the Joker," their leading lady was judged best actress. Freshmen disported themselves at "The Aftermath," on January 11, in a transformed Drill-Hall.

Most freshmen were CURMA members, and problems like housing and finance were handled by the Association.

This class had the most difficult year of any group in the University; with the readjustments to civilian life, strong competition in every faculty, and overcrowding in classes and labs, the freshmen of 1945 have met a real challenge.

17. TURN AROUND CUTIE!

1. TIME OUT FOR NOURISHMENT.
2. CUYLER'S EARS RISE TO POINTS WITH SHIRLABEE HAY.
3. DON'T YOU LIKE THE MILK SHIRLEY?
4. GLIDING.
5. BILL ESDALE AND LOVELY FRIEND RIDING ON A CLOUD.
6. GLAMOROUS SIDELINE.

Professor James Knudsen chalks one up.

Dr. R. B. Sandin pauses a moment in his busy lab.

r. S. G. Davis mulling over some brain ticklers for the Chem studes.

Professor Salter of the Department of English prepares for a day's work.

Dr. O. J. Walker about to begin one of frequent attempts to educate the Chemical Engineers.

SOPHOMORES

SOPHOMORE CLASS

Honorary President, Mr. W. W. Preston

President
John Koch

Vice-President
Bill Boyar

Secretary-Treasurer
Colin Campbell

Executives:
Virgie Webb
Ross Jeffries
Bob Spencer

The sophomore class, in spite of being composed mainly of Meds and Engineers nevertheless manages to get along without coming to blows more than once a year.

At Registration the soph class (which rumor says includes only nine women!) reviewed the freshettes in the time-honored manner, and also took over the cheer-leading duties at freshmen functions.

The sophs, as the smallest group must lower themselves to combine with the freshmen in their most important duty, presentation of their class dance, this year "The Aftermath" on Jan. 11.

The soph play was "Johnny Dunn", an experimental type comedy, featuring frosh and other natural phenomena.

Sophs were well represented in sports, with several men in senior strings and the golf champion a loyal Soph.

The observant reader might notice that the entire soph executive with the exception of the vice-president, are engineers, a fact which should constitute a challenge to some people . . .

Informal

Prof. Bob Hardy of the Civil Engineering Department deep in thought.

E. D'Appolonia smiles while putting the boys through their paces.

"I is confused" — Ralph McManus of the C. E. Department.

JUNIORS

JUNIOR CLASS

Honorary President, Prof. Andrew Stewart

The Juniors this year felt themselves to be in a sufficiently august position to welcome freshmen to the campus; a large part of the Introduction Committee was from the Junior Class. The frosh were launched on their careers and simultaneously acquainted with their lowly positions. A Junior was responsible for the success of Waw Waw Week-end.

The Junior Prom was a "Campus Daze", featuring a red and white-decked Drill Hall and a Model T careening precariously among the revellers.

Most of the Spike Shoe Club Executive are juniors, and a junior won the highest-point-total award at the Track Meet. With the onset of winter, the class hurled themselves with equal enthusiasm against Alberta's opponents in the other sports.

The Junior play, "Into Thy Kingdom" won the judges' award as the best of the plays. In literary activities, three juniors are Gateway page editors and others are seen on the masthead as assistants.

The class as usual has been an active one; great things are expected next year . . .

President
Wilf Ryan

DOROTHY WARD

History of the Class of '46

WE are the class of '46. A class that dedicated itself to a world of classrooms and books in one of the bleakest years in the history of the University. We watched restrictions relax as the assurance of Allied victory gradually became a reality. We contributed to a year of reconstruction, of creation, and of rebirth. The privilege of recollection is ours, for our history is inscribed as one unique in the annals of the University of Alberta.

Our freshman days began as we stood in tedious lines and queues for registration. Even the war did not lessen the thrill of wearing the green and gold frosh badges. After the first whirl of tea dances, pep rallies, smokers and Wauneita functions, we came to know the daily routine of lectures and labs. The shadow of war loomed constantly overhead. We remember the No. 2 Army Course whose sixty members could be seen marching to and from lectures. Through compulsory military training for men, and army drill, canteen duty or Red Cross knitting for women, we were preparing for our country's needs. Many were called to serve their country in a more direct way sooner than they had planned, as the results of Christmas exams refused them the privilege of continuing their studies at Alberta, for the requirements of study and scholarship were very severe. Interfaculty sport again took the upper hand as Intervarsity sport was laid aside. Nor was our social life without its limitations. Yet we recall the class and faculty dances as interludes of fun, memories to be treasured. There was no place on our campus program for the Philharmonic, the Year Play, for the dreamed-of adventures in dormitory life. We met and made our friends at Tuck dates, and later, in the new Cafeteria, which was completed in the spring of 1944, we talked over the pleasures of our first year at University, and worried over the April climax to a year's work, exams. Our initiation to Varsity life was complete.

We returned eagerly in the fall of 1944. We were upperclassmen. The war picture was a more encouraging one for the Allies, and the reflected confidence and optimism touched many aspects of our University life. We welcomed to our ranks several returned men, and CURMA became a campus organization. The revival of Intervarsity sport brought a burst of student spirit which knew no bounds when the Golden Bears carried home the prized Rigby Trophy for basketball, and, for the first time since 1928, the Dr. Hardy Trophy for football. Another bout of friendly rivalry centered around the Intervarsity debating contest, in which Alberta proved herself worthy of the McGoun trophy. One of the highlights of the year was the Choir Contest presentation which was praised and applauded by student and city audiences. The new wing of the University Hospital, the Colonel Mewburn Pavilion was presented with an X-Ray unit after a sweeping campus drive for funds. Most of the students were enrolled in the "Blood Donor" drive, and proudly wore their donor buttons. Thus we found our second year one of varied experiences, increased friendships, and more extensive learning.

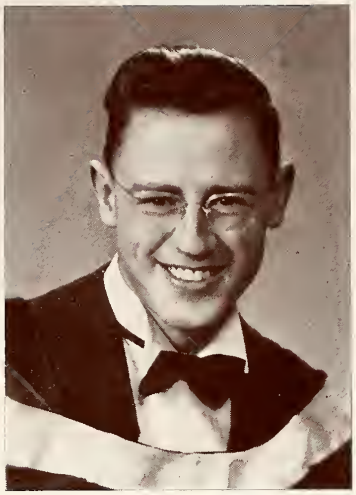
Then came the defeat of Germany and Japan!

The surging release from strain and worry let loose a flood of new ideas, new hopes, and new ambitions. Changes had to come. The campus took on new life and size with the reopening of the residences, the additions of the R.C.A.F. Drill hall and the Education building. Forty-five minute lectures allowed travelling time for students who made the trek to the Ed building. Our trophy display boasted the Cecil Race Cup, won by the Pandas for Intervarsity basketball, and the Halpenny Trophy for senior hockey. Physical education took the place of military training. CURMA grew to be one of the largest campus organizations with the influx of returned men at the fall and January registrations. The old Drill Hall was reconverted to an indoor skating rink, while the new Drill Hall became the scene of Varsity athletics, and many of the formal Class and House dances. Intervarsity drama on a non-competition basis was inaugurated at Alberta through instigation of our Drama Society. The first step towards the establishment of a Department of Fine Arts at the University came in the form of a Music Department. It was a year of pulsating energy and innovation; a year climaxed by a campus-wide drive for funds to aid students in other less fortunate countries.

We have made the journey through the halls of our Alma Mater and we are ready to throw open the doors to the world beyond. It is a world that struggles in the throes of reconstruction; a world that needs us. Others have fought through war. We must fight through peace.

Valedictory.....

Class of '46



ROY REYNOLDS

FOUR years ago we were first welcomed into this university. Today we bid it farewell. It is only fitting at this time that we should pause in evaluation of the past and in anticipation of the future. In 1942 our country's strength was pitted in battle for survival against superior forces. We entered a stern university, girded for war. The results expected of us at that time could not have been less exacting than they were. Fellow students throughout the world had been deprived of their opportunities to study and were enrolled in the grimmer school of destruction. The lack of frivolity in our campus activities has been compensated for by increased tolerance, understanding, friendship and scholastic achievement. We have toiled strenuously, but our efforts have not been in vain. The acknowledged contributions of this university towards final victory are fitting reward for our labors. What pleasures we have had we have enjoyed more because of their paucity. Four years ago we came here seeking enlightenment, we knew not in what form. We have now learned our lessons, but what is more important, we have also glimpsed the outlines of a way of life. In retrospect we do not feel the petty heartaches we have suffered; recalling only the moments of accomplishment and enjoyment.

Such has been the past. Today we pause in contemplation of the future.

Today is the time for such a pause. Tomorrow we must not falter. Tomorrow we must forge ahead with renewed vigor. In the past sacrifices have been made in our behalf. The time has now come when we must justify those sacrifices. We are graduating at a momentous time. For the first time since 1939 all the members of the graduating class will go forth to apply their knowledge directly to the peaceful pursuits of life. The world is once more at peace. But it is a young and feeble peace, weak in mind and body. It must be nurtured with untold care and vigilance. At present it is bowed by the weight of famine and illness; dissention and intrigue; greed and hatred. These evils must be erradicated.

During the war the physical sciences have made great advances. Fields undreamt of a decade ago have been opened to exploitation for the benefits of mankind. We must not hesitate. We must go forth prepared to apply these discoveries to useful purposes. The advances of our social sciences must be accelerated to keep pace with the physical environment if chaos is to be averted. Our future must lie in applying and disseminating the knowledge acquired during our stay here.

Our faith in "Whatsoever things are true; whatsoever things are just" must be maintained. We must proceed with courage and with confidence. Our ideology must be tempered in the fire of determination. Our thirst for knowledge must never become satiated. The search for truth and justice must never end. This period is not one for relaxing in our efforts. Rather, it is a period during which we must dedicate ourselves to the pursuit of those things in which we believe and which we know to be honorable and worthy of our endeavor.

ROY REYNOLDS.

SENIOR CLASS

Executives
Jeanne Smeltzer
Don Graves
Jack Houlgate

The seniors as the old men of the campus are naturally infirm and full of cares but nevertheless manage to carry on. Notably, they serve on the Student Council, the Gateway, and the Evergreen and Gold, with the aid of infusions of younger blood.

The senior prom had as its theme, "Our World, Tomorrow" with appropriate decorations. It took place at the Mac, as one of the first peace-time college proms. Broadcast of part of the proceedings by CKUA was a new feature.

"The Three Hundreth Performance", was the Senior Play, and received the audience's choice as the best play; the director and one of the stars, as well as most of the cast, were seniors.

Seniors contributed their finesse and experience to most of the line-ups in rugby and hockey, as well as assuming many of the administrative duties connected with sport.

With all their worries and cares about finals and jobs and freshettes—going steady, the senior class hopes to graduate to a new position as the "youth" of the post-war world. . . .

THE SENIOR FORMAL

(1) Ah c'mon Jack, look at the camera for a change!
(2) Intermission—the hand is quicker than the eye!
(3) Time out between dances in the lobby of the Mac.
(4) Part of the big crowd gliding to the smooth rhythms of Frank McCleavy and his orchestra.
(5) Iuyl Scott, Frank Fish and friends take time out for a cigarette.
(6) E. S. S. president Jim Clow and Gwen Guild pause for the busy E. & G. cameraman.
(7) Another happy group enjoying the intermission show.

SUMMER SCHOOL

DR. H. E. SMITH
Director of the Summer Session

The Director's Message

For many years two summer schools worked out their respective destinies side by side on the University of Alberta campus. These were the Summer School of the University itself, and the Summer School of the Department of Education. The University permitted its students to earn credits on degree programs, while Department of Education students strove only for diplomas and certificates. For them, however, the struggle lasted for only five weeks. The University students on the other hand had not only to hold on for six weeks, but as well had to make pre-session preparation involving as much as one-quarter to one-third of the total course load. Two directors were required to administer the schools.

All this has been changed. In 1944, the Department of Education decided that the responsibility for the training of teachers should be placed upon University shoulders. Hence a single integrated summer school in 1944, and hence a suddenly expanded Faculty of Education in the University in 1945. The Department of Education retains an interest only in the certification of teachers trained by the University, and, in the basic principles and practices of teacher training generally.

As most who know will agree (though perhaps some time after the experience is over) the summer term is thoroughly enjoyable. A highly selected teaching staff offers instruction in many interesting fields; the Students' Council Executive arranges plenty of diversified entertainment; life in the University residences is itself an experience; and the cities, both Edmonton and Calgary, are attractive, especially in summer. To this add the facts that session fees are modest, and that every effort represents a step to worth-while objectives.

The Director wishes to take this opportunity to express his appreciation of the splendid work done by, and of the cooperation received from, the Executive of the Students' Council.

H. E. SMITH,
Director of the Summer School.

FASTBALL

This year's increased enrollment resulted in greater participation in Fastball than in previous years. Six men's and four women's teams were entered in the league. In a two-out-of three playoff, Hoskyn and MacIntosh led their respective teams to victory.

At the session's end, All-Star line-ups were selected. These players successfully challenged several outside teams.

WOMEN'S ALL-STAR TEAM

Back Row: L. Reid, V. Merchant, I. Gillespie, E. Gish, H. Suca, M. Holubowich, T. Pitcher.
Front Row: K. Henderson, D. Childress, C. Hoskyn, I. Moran.

MEN'S ALL-STAR TEAM

Back Row: B. Esopenko, E. Block, A. Elliott, J. Car, S. Skuba, J. Melnechuk, A. Nicholas.
Front Row: T. Aola, R. MacIntosh, R. Bower, R. Staples, H. McCullogh, L. Jenkin.

WOMEN'S CHAMPION TEAM

Back Row: E. Gish, E. Shield, H. Suca, I. Gillespie, D. Statham, T. Pitcher.
Front Row: D. Childress, K. Henderson, C. Hoskyn, I. Munro.

MEN'S CHAMPION TEAM

Back Row: S. Oslonberg, Hadlington, A. Elliott, Blumenauer, R. Staples.
Front Row: L. Olson, R. McIntosh, D. Bower, E. Meen, L. Jenkin.

OTHER SPORTS

BOWLING was prominent in the sports program. Ten teams of six members each were entered, and Tuesday nights saw some keen competition. High scores for the season won crests.

TENNIS, because of the delayed repair of the courts was late in starting. Nevertheless, tournaments were followed with great interest. Marion Staples defeated twenty entries in Ladies' Singles. Doris Sheppard and Bessie McAvoy copped the Ladies Doubles while Clare Ames won the Men's Singles.

BASKETBALL was more avidly supported by ladies who turned out four teams for the league. In the men's circuit the Physical Education Juniors wallopped the seniors.

BOWLING CHAMPIONS
Back Row: J. Dubeta, M. Irwin, C. Douglas, C. Haukedal, I. Falkenstein, F. Powell.
Front Row: F. Toews, I. Cummings, S. Batiuk, H. Repp, M. Humphries, G. Boothman, W. Brown.

TENNIS CHAMPIONS

WOMEN'S BASKETBALL CHAMPIONS
Back Row: A. Bebee, M. Irwin, D. Gaught
Front Row: Mrs. Cummins, K. Henderson, P. McDonald.

MEN'S BASKETBALL CHAMPIONS
Back Row: J. Barnard, T. Meen
Front Row: W. Boelich, C. Allison, H. McCullough.

Social Activities

The active social life of Summer School was one of its biggest highlights. Bi-weekly dances drew large numbers under the enthusiastic M.C.ing of Mr. Norman Kennedy. At various times classes put on amusing programs, lectures on current topics were given, sing-songs, amateur nights and summer amusements completed the social whirl. Mr. H. Leibie of Ann Arbor, Michigan, directed folk dancing classes for the more energetic students. The session concluded with the awarding of athletic honors at Crest Night.

Dramatics

The Junior and Senior dramatics classes were under the direction of Mr. Eugene Davies of Cleveland, Ohio. After a very busy six weeks plays were presented in Convocation Hall on August 11th and 13th to capacity audiences.

Plays presented were:

"Where the Cross is Made", by Eugene O'Neill, directed by Mr. E. Davies.

"The Dear Departed", by Stanley Houghton, directed by Sarah Cheshire.

"The Courtship of Marie Jenvrin", by Gwen Pharis Ringwood, directed by Helena Hegler.

"The Perfect Gentleman", by Anna Best Joder, directed by Margaret Coates.

"The Little Darling", by Peggy Oliver, directed by Ethel Metz.

The 1945-46 Calgary Students' Council of Freshmen experienced a somewhat difficult year of experiment, in an entirely new situation. As far as was possible, the Students' Union activities were carried out within the limits of the Constitution of the Students' Union in Edmonton.

Although unavoidable problems of distance and campus facilities prevented the most desirable union with Edmonton, the Council's activities in organizing and the carrying out of student functions were quite successful. It was, too, the good fortune of the Council in having Mr. G. K. Sheane as Faculty adviser.

It is felt that the year has been very profitable.

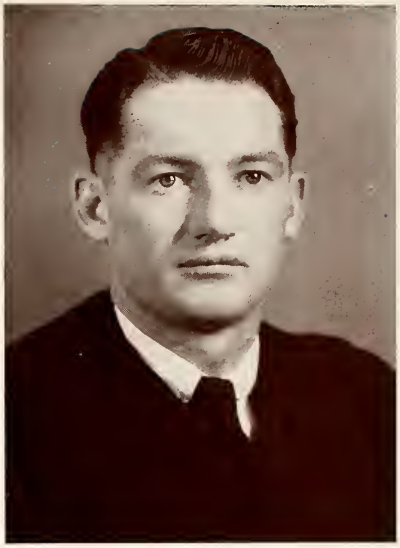
Athletics



JOE BATES, Chairman

Athletics has always claimed prominence in extra-curricular activities of the teachers in training. We strive primarily, not for professional skill, but rather for the educational values of teamwork and good sportsmanship.

DORIS WEINHEIMER
Girls' Rep. Athletics

Boys, as well as girls, had their own leagues for the major athletic events. These activities have been ably guided by Joe Bates and Doris Weinheimer. Softball, basketball, volleyball, and badminton were the games which found much favor with the students here. There were eight girls' teams and three boys' teams organized to take part in various events.

Thanks is tendered to the Physical Education instructors, Mrs. Margaret Kinsell and Mr. Lou Goodwin for their help in making these activities a success.

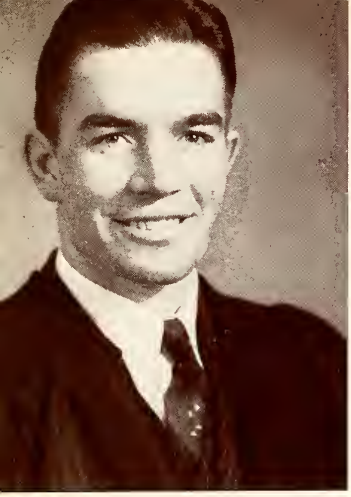
Individual trophies are to be awarded to six students whose participation, good sportsmanship, and co-operation were oustanding.

Literary

MARY GORDON Chairman

The Literary Society was instrumental in providing both recreational and educational diversions for the students, particularly at the weekly Students' Union meetings. Activities undertaken throughout the year included afternoon outings, inter-class competitions in general entertainment and quizzes, presentations by the Dramatics and Choral Societies, and instructive addresses by Calgary business men.

A very busy and successful year was experienced by Chairman Biddy Gordon and her committee of three, Mary Solverson, Pat Holmes, and Walter Rowley.



MILLS JOHNSON
President

CHORAL

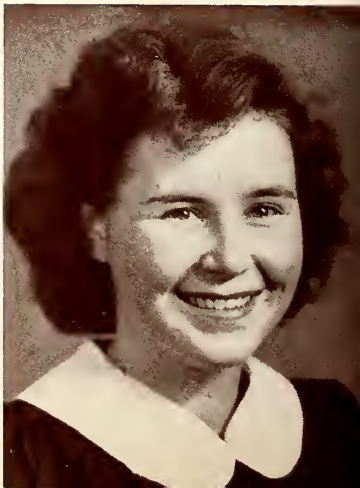
Under the capable leadership of our Music Instructor, Mr. I. H. Graham, this organization has done much to develop in its members the appreciation and enjoyment of music. Over sixty students comprised this year's Choral Society making it the largest group activity in the Faculty. Each of the sections has its respective leader.

The Honorary President	Mr. I. H. Graham
President	Mills Johnson
Vice-President	Alice Scarlett
Sec.-Treas.	Walter Rowley
Pianist	Bruce Bowen

Some of its performances included a half-hour Christmas Radio Program, supplying the musical background for the "Nativity Play", presented to the Demonstration School, and entertaining the Veterans in No. 2 Convalescent Hospital. One of the largest undertakings was the rendition of the "Hallelujah Chorus" from Handel's Messiah at Christmas time.

Within the comparatively short time of five to six months, entailing about fifteen hours of actual practice, Mr. Graham blended the assembled voices into a pleasing and harmonious Acapella Choir.

MARG TURGEON
Chairman



SOCIAL

The Social Committee provided for many enjoyable evenings as well as being responsible for various outings.

The first "formal" of the year, a farewell to one of the first classes, was a distinct success, and similar hopes are held for the graduating formal in April.

Picnics, hikes, dances, and parties rounded out the year's social activities, proving a great source of fun and relaxation.

MARY SALVERSON
1st Pres.

DRAMATICS

PAT HOLMES
2nd Pres.

The Dramatics Society was organized on October 25th with Miss Olive Fisher as adviser. Election of the officers was as follows:

President ..... Mary Solverson
Vice-President ..... Jean Purcell
Sec.-Treas. ..... Heath Gordon
Stage Manager ..... Jim Campbell

The president for our second term was Patricia Holmes, who succeeded Mary Solverson.

The first venture of the Society was a Nativity play presented December 14, before the student body and again over station CFCN on December 15. It was a co-operative venture of the Dramatic and Choral Societies.

In the second term the Dramatic Society combined its effort with that of the Choral Society to present to the students H.M.S. Pinafore. The Dramatic Society read the Libretto and recordings were played by Mr. Graham.

"The Courting of Marie Jenvrin", a comedy with the setting in a Yellowknife hotel, is being produced on March the 15th, for the student body. This play is to be the culmination of the Dramatics Society activities for this year.

JENNY KEESTRA
2nd Pres.

I. V. C. F.

The I.V.C.F. has enjoyed a very successful year of Christian fellowship under the leadership of Miss Bessie Dodds, sponsor of Inter-School Fellowship Groups.

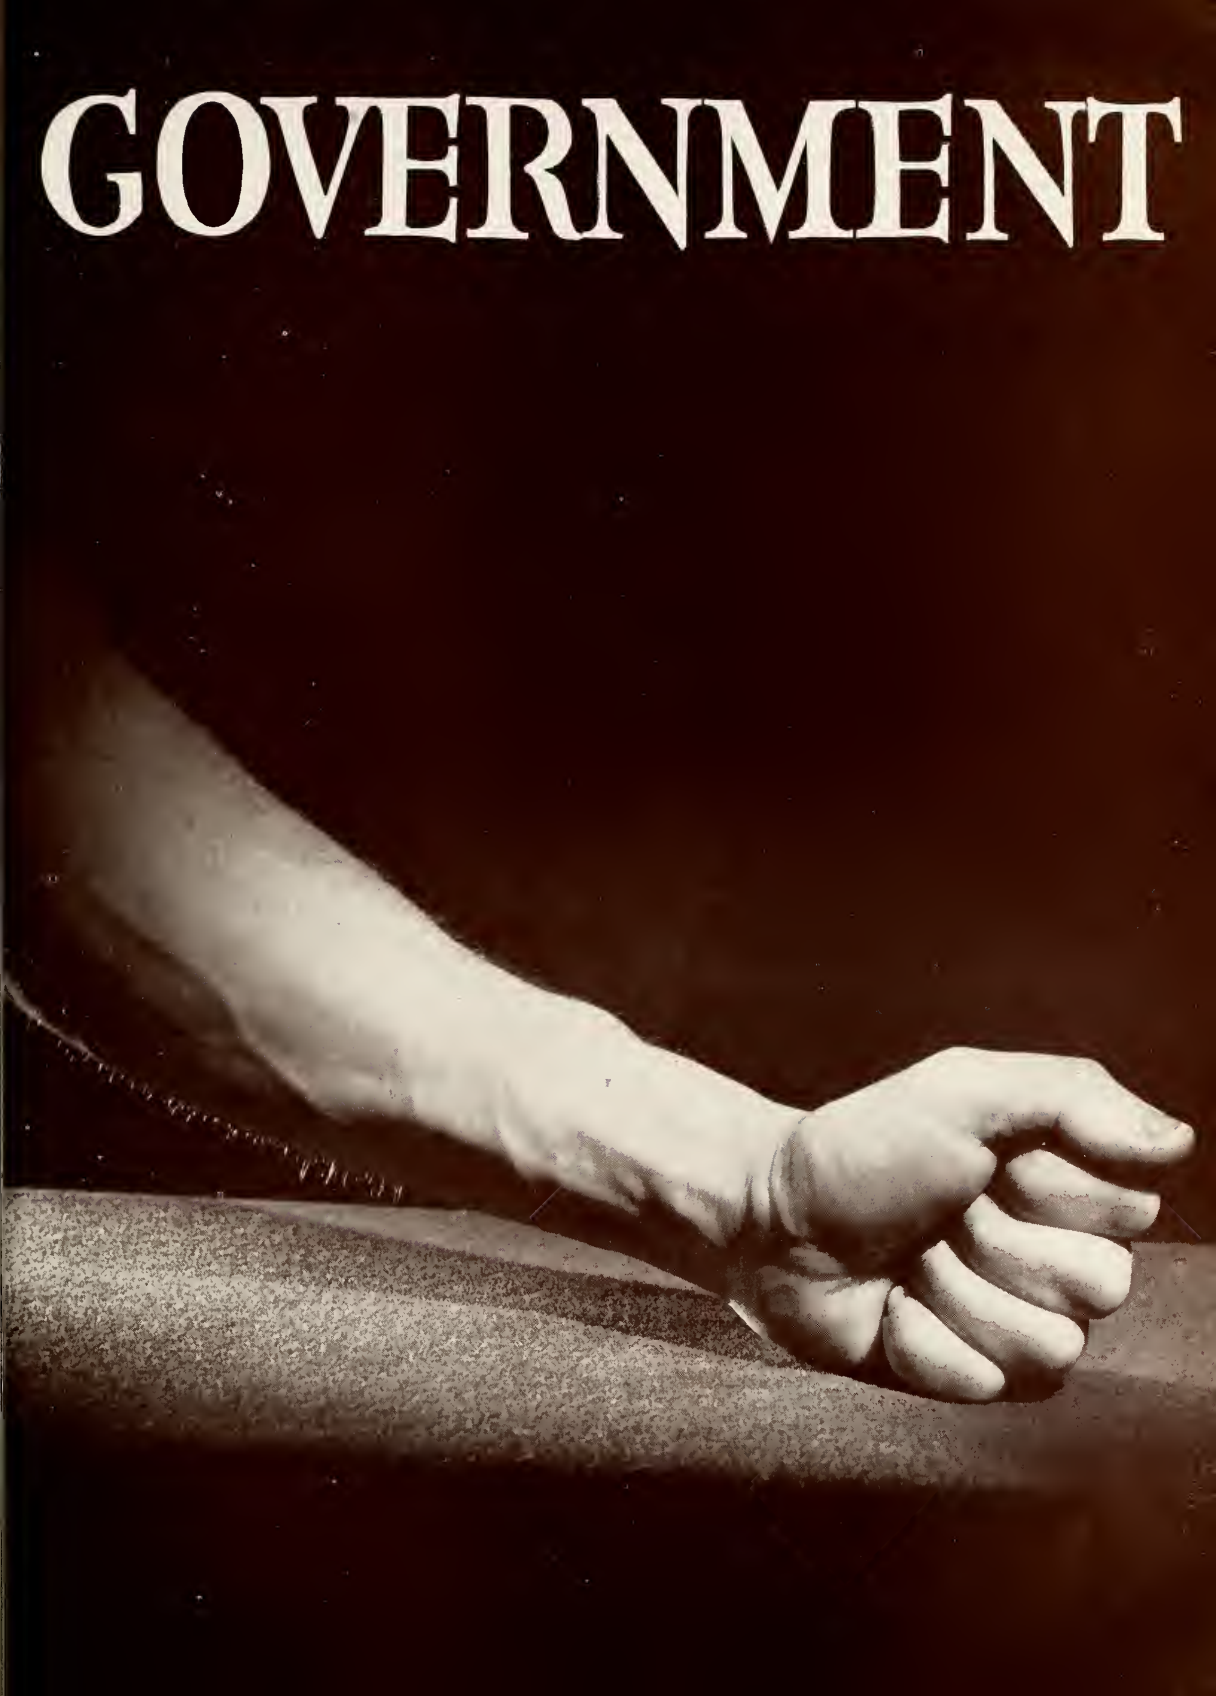
From September until January, Rachel Steeves held the office of President. For the remainder of the year Jenny Keegstra officiated, Ruth Becklund was the Secretary-Treasurer.

The group enjoyed several missionary meetings with the Senior I.S.C.F. High School groups.

RACHEL STEEVES
1st Pres.

CATKINS

GOVERNMENT



STUDENTS' COUNCIL

PRESIDENT RON HELMER

The 1945-6 Students' Council handled the biggest job in council history. With the largest budget since its inception, this group channelled Union funds into the various student enterprises.

All aspects of the picture in Athletics looked better this first post-war session. Sparked by Nat Starr as Marshall, a football parade romped through the city for the first time in years. Plans were made for new bleachers for the Varsity grid. The covered rink came back into Union hands—those of Mike Bevan in particular surmounting many problems in the students' interest.

Drama took a new lease on life with the formation of the Western University Drama Committee, initiated from Alberta by Lois McLean, and the staging of the first Festival on our campus. New Clubs formed included the Curling Club which ran off a huge bonspiel, and the Arts and Science Club, organized through the activity of Jack Pritchard. The Varsity Publicity Agency, (VPA) was set up as a long-needed coordinating body.

The prime purpose of any council is the promotion of student welfare. In this direction one of the most important steps was Alberta's participation in the NFCUS conference in Montreal. This body is reviving its peacetime activity in improving the students' lot in many ways, explained President Helmer.

A letter of support and friendship was sent to Argentine students who were opposing the Fascist government. A committee under Don Matthews surveyed conditions in the Cafeteria and brought in a 10% student

discount. Members of the January class of veterans protested the proposed move to barracks on the north side of town and a council committee investigated the question and supported CURMA. Union offices were moved to more accessible quarters in Athabasca and plans were made to obtain a permanent Union Secretary—a practice found to increase efficiency at other Universities.

To parallel changes in University set-up, the Union amalgamated under the guidance of vice-president Kay Pierce with the one hundred and fifty Education students at the Calgary branch. They contribute to and receive the Union publications and have their own point system for Union awards.

Campus activity was varied. Freshman introduction, directed by Lloyd MacLean, was the usual diversion for seniors. Bud Macdonald, Minister of Feminine Affairs, directed Waw-Waw weekend as capably as could any mere male. The Major Drive raised some $4,000 for World Student Relief under chairmanship of Eldon Foote.

Reading through minutes of Council meetings, one sees that beneath the usual haggling, this year's Council has taken several steps ahead which we hope can be continued in future.

Marg. Carter, Pres., Marian Finn, Jeanne Gauld, Marion McNeill, Pat Robertson.

The WAUNEITA SOCIETY

"Soft o'er the campus, gleam the lights of Pembina, Home of the Wauneitas - - - -"

This year saw the return of the Wauneitas to their tribal home-Pembina Hall, which they had left four years ago.

The Wauneita Society, along with most other societies on the campus this year, had a very active season. In the fall the freshettes were welcomed with a tea in Pembina Hall and a hike held at the Outdoor Cabin. Having proved their worth, the freshettes were received into the Wauneita Society with fitting solemnity.

A most successful Wauneita formal dance was held this year, with 500 couples present, the largest number ever recorded.

The spring term opened with a tea in Pembina for the girls of the January class.

The highlight of the term's activities was the Wauneita banquet held in the Cafeteria in February. There was an excellent number in attendance and it was considered a most successful event.

The year ended with a Spring Tea at which our Honorary President, Mrs. J. Macdonald was presented the Wauneita pin as a token of our esteem.

A new squaw enters the tribe

Fireside initiation ceremony

NURSES' STUDENT UNION

Miss H. S. Peters, Mary Boorman, Joyce Johannson, Pat Newell, Dorothy West

The Nurses' Student Union is an organization which exists for the benefit of some one hundred and thirty student nurses at the University Hospital; to discuss and try to eliminate their problems. The Union coordinates social functions. These occur at least once a month and to welcome each incoming "probie" class. Each year, Dr. McGugan, hospital superintendent, sponsors a staff dance which occurs in February as a Valentine Party.

The Interhospital Fellowship was founded this winter, and is designed to promote friendly relations among the four large hospitals. There is a prevailing notion that nurses are never abroad after dark. This is idle rumor. They have four twelve o'clock passes per month, which can be extended to twelve-thirty for the four major campus functions; and a twelve-thirty for New Year's Eve (Whoopee!!). After the year's slavery they look forward to the Graduation Dance, when they are allowed to disport themselves until one-thirty A.M. (history relates that this has been stretched).

Heaven forbid that the foregoing remarks should dissuade campus gallants from dating the Midnight Cinderellas; just because a nurse leaves at eleven fifty-five doesn't mean she wasn't there.

President	Mary Boorman
Vice-President	Joyce Johannsen
Secretary	Pat Newel
Treasurer	Dorothy West

PEMBINA HOUSE COMMITTEE

What other institution can approach the traditions of Pembina Hall? From tales of "Belsenlike" conditions under "the Gestapo" to poems immortalizing "the Fastest Thing in Pem." (. . . the clock . . .) come rumors of wraiths with ball and chain: all have only a small semblance of truth.

With 154 girls in one house there's never a dull moment; all-night bridge games . . . shouts down the corridor "Nylons! lucky you!" . . . 8:01 for breakfast and you've had it . . . pilgrimage at eve to the caff . . . Miss Falla's tactful reminders at 11:29 . . . and still we study (?).

Highlights this year included the Inter-residence Christmas Banquet and dance, the Pem. Prance ('Fiesta') —and of course the holding of the fort on E.S.S. day.

This year has seen the foundation of many friendships in "Pem"; the return of the residences has improved campus spirit considerably. A factor in the happy year at "Pem" has been the enjoyable association with our warden, Miss Mary Faunt. To her we say "Thank-you" and to each other "Good luck".

Scene at the Pembina Prance

Hen Party

MEN'S HOUSE COMMITTEE

The first half of the 1945-46 term saw the Men's House Committee sponsoring dances almost every Saturday night.

In years previous to the Air Force occupation of the residences, House Dances were staged in the gymnasium, but this year it was found that the I.T.S. drill hall was the only place large enough to accommodate all the "eager beavers" (students) who wished to attend.

The major social function of the year, for those in residence occurred when the Men's House Committee, in conjunction with the Women's House Committee, held a formal banquet and dance just before the Christmas Examinations.

Back Row: Eldor Berg, Stu Robertson, Ken MacEachern, Paul MacConnell, Jack Peck.

Pem. welcomes the new "inmate" . .

Enforcers Doug Love, Ed. Jorre-de-St. Jorre, Bill Rorke

The ENFORCEMENT and DISCIPLINE COMMITTEE

This organization with the awe-inspiring title occupies some eight pages in the Constitution. The chairman and three members are appointed by Council and the fifth is the chairman of the Women's Disciplinary Committee. This body is set up to preserve the sanctity of the Constitution, to prevent any blot from falling on its pristine pages, and to see that the Council toes the line in all respects. These five are also a disciplinary body entitled to take evidence, call witnesses, chase ambulances, and in all ways to conduct a legitimate investigation into any alleged offence or misconduct. The accused can be summoned, grilled, and a regular trial take place which may end in the offender's suspension from student activity or office and possibly the extortion from him of a $15.00 fine.

Women's Disciplinary Committee

Anita Heckley, Betty Pullar, Marion Finn, Jean Farley.

The Women's Disciplinary Committee is a committee of women students consisting of a chairman from last year's committee, two appointed junior students, one elected member, and the President of the Wauneita Society.

This year the Women's Disciplinary Committee found no occasion to exert its powers of fining women students or dismissing them from office, which is a tribute either to the deportment of Alberta co-eds or to the loyalty of their friends. . . .

World Youth Conference

ERNIE NIX
Vice-Chairman,
Canadian Delegation

London, England

Oct 31st - Nov 9th

Representatives of 30 million youth from 63 countries throughout the world, gathered in London during November, 1945. The first world conference of youth to follow World War II was called to discuss the general subject **Youth's Fight for Freedom and a Better World, Post-War Needs of Youth, and International Youth Co-Operation.**

To the Conference went ten Canadian Delegates from across Canada, with an additional seven servicemen from the Canadian Army Overseas. Organizations represented were a cross-section of youth interest in this country—the Junior Chamber of Commerce, the labor unions, junior farmers' associations, community youth serving groups like the Y.W.C.A., French-speaking groups from Quebec. Canadian students were represented by Ernie Nix, student of this University, who was nominated by the S.C.M. of Canada.

The Conference was unanimous in its desire for peace, order, a world of justice and a world of truth. To this end they established a representative federation to express their will and desire. This was the beginning of the "World Federation of Democratic Youth".

Their concern is for the establishment of stable and lasting peace. They desire to aid in the reconstruction and relief of devastated countries. Their hope is for the building of world brotherhood and understanding among all young people, irrespective of race, creed or color. May their effort be firmly built, wisely directed and attended with success and long life.

Section of audience in Royal Albert Hall, London, Oct. 30, 1945, assembled to witness the opening rally of the World Youth Conference.

The Conference Hall. Sessions were held in Seymour Hall, near Marble Arch, Marleybone, London. The national delegations totalled some 600 youths.

The Speakers' rostrum. Miss Margaret Gale of Great Britain speaking. L. to R. R. Slavko Komar, Yugoslavia; Nicolai Mikhailov, U.S.S.R.; Thomas Neill, U.S.A.; C. Z. Chen, China; Jean Jousselin, France.

Men's Athletic Board

Back Row, L. to R.—Alex Jardine, Bob Freeze, Murray Stewart, Dr. Broadfoot, Bruce Blayney.
Front Row, L. to R.—Prof. M. L. Van Vliet, Pres. Del Steed; Secretary Gordon Proctor; Dr. P. S. Warren.

University athletics during 1945-46 enjoyed a very successful year with the return of intercollegiate competition in rugby, hockey, assault-at-arms, tennis, and all around increase in sport activity. The University was very fortunate in obtaining Maury Van Vliet as the Director of Physical Education and coach of senior rugby and basketball squad.

Alberta combined with Saskatchewan and British Columbia to reform the Western Canada Intercollegiate Rugby Conference to compete for the Hardy Trophy. The Golden Bears made a strong bid for the trophy but lost out in the final to the British Columbia squad.

The Rigby Trophy was again strongly contended for by the Alberta Basketballers, at the annual competition held this year on the Manitoba campus.

This year saw the return of intercollegiate hockey with a series between Alberta and Saskatchewan. The Bears retained the Halpenny Trophy, defeating Saskatchewan in a four game series.

Minor sport clubs showed greatly increased activity and membership. The tennis club, Boxing and Wrestling Club, also travelled to Saskatchewan but failed to obtain their respective trophies.

Interfaculty Athletics had a very successful year with strong competition in basketball, hockey, and track.

Intercollegiate sport has been very prominent this year, and with the possibility of still greater activity in the next year, athletics on the campus are once again becoming a major interest on the University campus.

Women's Athletic Association

The elimination of compulsory War Services for women students put women's athletics on a more normal peace time basis on the Alberta campus. Although the number of participants was less than last year, those who entered athletics had true sports interest and ability.

Highlight on the sports calendar was the sweeping Panda victory over Saskatchewan and Manitoba. Alberta girls, expertly trained by coach Tommy McClocklin, carried home from Winnipeg the prized Cecil Race Trophy for Women's Intercollegiate Basketball.

Helen Lilly and Dorothy Soby represented Alberta in the Intercollegiate Tennis Tournament at Saskatoon. Unfortunately their success did not parallel Panda fame, but hopes are high for next year.

Interfaculty rivalry was keen in basketball, volleyball, track and other clubs with the result that Arts won the Rose Bowl from the Education faculty by only a very narrow margin.

Badminton, archery and fencing enjoyed a succesful year having the advantage of better facilities. The use of the Drill Hall and Athabasca Gym aided practices and meetings of all the sports clubs. The Y.W.C.A. was again the scene of the Swimming Club's activities for a year of fun and improvement under coach Doug Lemmon.

Tribute was paid to the outstanding athletes of the year at Color Night. The many who received awards show ample proof of the success of the W.A.A. during 1945-46.

AND GOLD

JOHN SKENE
Assistant Director

Having reached its final destination after passing through the hands of the year book staff, the engravers and the printers, the Evergreen and Gold is now presented as a record of U. of A., 1945-46. This year has, like all before it, been a tedious one for the staff endeavoring to put out a book with as few mistakes as possible and at the same time one which possesses those qualities which can make it a treasured volume for years to come.

Although a member of the E.S.S., Jack Cuyler proved to be an excellent director, working all-out for the book from September through to the finish.

Several members of the staff were chosen in the spring of '45 including John Skene, Assistant Director; Marylea Hollick-Kenyon, Editor and Collin Campbell, the go-getting Business Manager. In the fall, Merv. Devonshire began work as advertising manager and along with Bruce Burgess and Arlene Pinich soon had a record total of advertising to add to the credit side of the ledger. There people worked hard and in so doing lessened the financial burden that the Students' Union must suffer in publishing the Evergreen and Gold.

Muriel Buchanan
Club. Ed.

Again this year, Bob and Doug Gray could always be depended upon to be there with their cameras clicking wherever scenes of year book interest could be found. Muriel Buchanan spent many hours in the diminutive E. and G. office hammering her head in desperation in her efforts to bring the write-ups, pictures, and set-ups of the various clubs together in a section both pleasing and informative. Seniors marked down as Freshmen and Freshmen as non-graduating seniors gave Bob Jack, the class editor, his share of worries. We still don't know if . . . and . . . exist or what their initials are if they do.

BOB JACK
Student Ed.

The year's work closed with the typists finishing up the index, Marylea looking for the Gateway write-up, and Cuyler cutting out paper dolls.

GATEWAY

THE GATEWAY

PUBLISHED WEEKLY UNDER AUTHORITY OF THE STUDENT UNION OF THE U. OF A

The Gateway set up shop in the fall with no experienced personnel; page make-up, editorial technique and publishing routine had to be learnt from the ground up.

The business staff was also new to the game; Bill Boyar did a good job, assisted by Ralph Skitch, dynamo ad. salesman. The sports picture was interpreted ably by Murray Stewart and Dot Ward; Bill Lindsay was a standout as C.U.P. Editor.

Among this year's cubs, Milbradt, Day, Lepage, Kroetsch, Buck and Sherbaniuk, are promising writers.

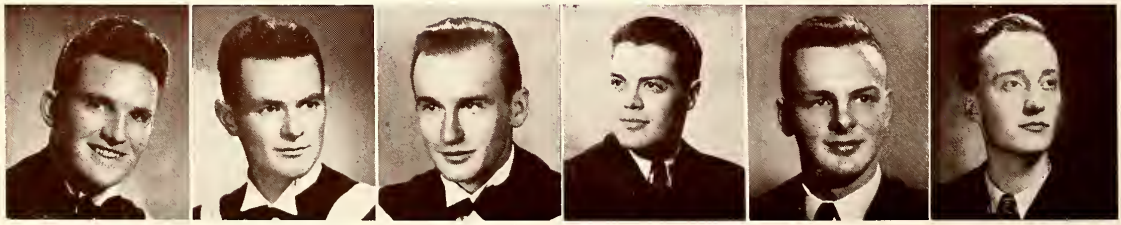
For the first time, Calgary students contributed, under Editor Rowley, and received weekly copies.

Paper supplies permitting, the Gateway hopes to return next year to its pre-war bi-weekly basis; "The Fencepost", Tuesday edition of the Gateway was a forerunner of this arrangement.

1946 Gateway brought vital questions to the attention of faculty and students alike, in its effort to stimulate thought and keep Alberta progressive.

Features men Offenbacher (at the Gateway's "meatgrinder") and "Handlebars" Murray, with able assistant, attempt to assemble the weekly "bags of fun and games"; to regale the student body with gems like College Quiz, the cryptical Opus One, the Tiger's avidly-read "Angles" (i.e. from an Arts ash-can viewpoint) and other articles relevant to wine, women, and song . . . matters on the lighter side, handled gently but firmly . . .

Peggy Haynes, chief typist and re-write gal, Archie Greenaway, editor of the Fencepost, and Literary Editor Dennis Townsend slave away cosily together in an office nook . . . Peggy has been a mainstay for three years now, probably could publish single-handed if necessary . . . Archie is a solid sort and an enterprising newsman . . . Townsend infuses the literary page with some of his own wit and insight . . .



Editor-in-Chief Bill Clark — Alf Harper, Lawrie Joslin — Editorial Board — Tom Ford, News Ed. — A. Greenaway, Ass't News Ed. — D. Townsend, Literary Ed.

Policy men confer on a knotty problem—probably the precedent regarding financial responsibility for the first round of refreshments. Lean, convivial Lawrie Joslin, Associate Editor, is a literary type; CBC playwrite and a Philosoph. Essay winner. Bill Clark, hard-headed lawyer, director of the Gateway's fortunes, has a finger on the campus pulses; his time and effort have gone into Gateways of the past four years. Tom Ford showed a sense of news values that promoted him to News Editor half thro' the term; his enterprise and ability pointed him to the 1947 Editorship.

The circulation men poring over problems financial . . . Haynes haggling on the phone with Mrs. Donnan, keeper of the flame at the print shop . . . Dark villains next to wall probably struggling over possession of the paper-cutter, an indispensable article which periodically disappears to parts distant and unknown . . . Neville Lindsay, second from left, was a capable man on circulation, aided and abetted by Wilf Walker (who escaped the camera).

The Gateway was cramped for office space, as usual, aside from the influx of chronic loafers . . . a long muddy trip to the printshop around deadline time . . .

The Telephone Directory

This year the Students' Council decided to divorce the Telephone Directory from the Handbook, and to revert to the original set-up, in having published a separate Telephone Directory, and a combination Handbook - Constitution. This separation enabled the Directory to appear about the middle of October, a month earlier than usual.

Besides the telephone numbers and address of all the registered students, the book also contains the phone numbers of prominent Student Union officials, club presidents, fraternities, advertisers and the University offices.

The Directory this year was edited by Sandy Gilchrist, who also acted as Business Manager. He was ably assisted by Bill Buchanan, Joe Lauerman, Clare Liden, and Don McMillan.

All university students receive this book free of charge, the cost being met by sale of advertising and Union subsidy.

The Radio Directorate

Director ..... Garth Eggenberger
Committee ..... Lorraine Skeith
Al Dubenski
Vic Graham

Although CKUA has been taken over by the Alberta Government Telephones and its studios moved overtown, it has continued to sponsor several hours a week of university programs under the direction of a student committee.

Every other Monday night, Varsity Variety Time has featured various clubs on the campus. The Dramatic Society has put on radio plays, and CKUA has offered a plaque to be presented to the club presenting the best program.

On Tuesday at noon, Al Dubenski has reported on sports activities at the university. Tuesday nights featured Campus Musicale, a fifteen minute program starring aspiring young artists from the campus.

Another regular feature Thursdays at noon has been Gateway News, broadcast by Joyce Olson.

Apart from all these regular programs, CKUA has also sponsored many special programs, including a broadcast of the concert by the Varsity Mixed Chorus in January.

LITERARY

Inter Varsity Drama Festival

Inter Varsity Drama is a great step forward in the field of dramatics—one to be commended and supported to the utmost. A meeting was held in Edmonton during the festival at which the founder, Lois McLean, and representatives of British Columbia, Manitoba and Saskatchewan drew up a working agreement to perpetuate this innovation. After spending half an hour choosing a name, the Western University Drama Committee, the delegates got down to work. Expenses are to be divided among the four universities, and gate receipts equally shared. The plays are to be limited to one act, with casts up to eight members. The committee of five, one from each university and two from the host campus aided by the permanent advisory board—Mr. Risk, and Mr. Jones of Saskatchewan—will be responsible for the festival.

Each year the universities will present a play on one of the four campuses and a panel of three critics will discuss the plays privately with the casts. Let us hope that this may develop into a national theatre movement.

Time 1912.

Setting: "Stampede" was written especially for the Spring production by Mrs. Ringwood, a graduate of U. of A. It is a colorful panorama of crowds, music, cowboys, policemen, Indians, salesmen, pioneers—all the characters of the Calgary Stampede. Many of the characters such as Nigger John, John Ware, Chief Whitecalf and Jim Carson actually existed. The play was presented in Calgary, as well.

Irving Lerner
Leading Actor

At this, the 25th annual presentation of the Inter-Year Plays, the Drama Society attempted to show something new and unusual in every play. The Seniors offered a revolutionary disregard of the audience by changing scenery while the play was in progress. The Junior class presented a biblical play with a modern rendition of an old theme. The Sophomore play used neither scenery nor the stage and employed a speaking chorus. The Freshmen produced a regional play written by a graduate of U. of A.

Lightrician	Jim Barton
Cosmeticians	Make-up Club

Time—1945-46

Setting—Convocation Hall

Since Professor Rymes-King was forced to use the stage as a classroom, drama craftsmen had to do all their work in "heaven"—nickname of the drama loft backstage—to the strains of Beethoven and Strauss. However the club retaliated by forcing the music class to work one week in a medieval beerhall, and the next at the Calgary Stampede.

Summary of Story: The Drama Society, under the leadership of president Lois McLean, this year gathered its equipment together, shook the mothballs out of its drapes and embarked on a successful year. The executive has proven most prolific, fostering such offspring as the Inter-Varsity Drama Competitions, a Radio Division and revising such old institutions as the Spring play. It catalogued all the scenery, formulated a constitution and even swept out the loft backstage.

At the monthly meetings, the Club played host to artists prominent in movies, theatre and radio. A final banquet was held where the honorary president, technical adviser, father confessor and friend, Mr. Sidney Risk, spoke.

LITERARY SOCIETY

Dramatics enjoyed a busy year, breaking all records for attendance and for quality and quantity of production. The annual three-act play returned with performances in Edmonton and Calgary; the "Inter-years" produced four five one-act efforts, and a number of Drama Club members gained some experience at radio work. A great innovation was the Inter-University Drama Festival.

Scarcely a week passed without at least one event sponsored by the Public Speaking, Debating, or Political Science Clubs. In addition to the Inter-University Debates, Inter-Faculty debates were again conducted with the Hugill Trophy as prize.

The Make-up Club and the stage and lighting crews did a tremendous amount of work in expert fashion, all through one of the busiest years yet enjoyed by the Literary Society's members.

MUSICAL ASSOCIATION

Entering its second year as a full-fledged member of the Students' Union, the Musical Association again promoted a successful and varied term of activities In addition to the regular musical clubs which have grown up on the campus, an added feature for 1945-46 was the formation of the University Symphony Orchestra, under the expert direction of Professor John Reymes-King, Head of the Division of Music.

The Musical Association supported three main activities, open to every student on the campus: the University Mixed Chorus, the University Symphony for those interested in actual participation, and the University Musical Club for those who enjoy music from a listener's point of view.

Musical experience, education, and enjoyment for every student on the campus was offered at U. of A. in 1945-46.

The Executive: Collin Corkum (Vice-President); Norris Bertrand (President); Frances Kitchen (Secretary-Treasurer); Barbara Fish (Executive); Doreen Haas (Executive).

Dr. D. B. Scott (Hon. President).

THE MUSICAL CLUB

This year the University Musical Club enjoyed one of the most successful sessions of its somewhat lengthy life. Over seven hundred members have enjoyed the monthly Sunday evening programs in Convocation Hall. We have been extremely fortunate in finding so many talented students at the University. These, together with a number of accomplished guest artists, have rendered selections from the Modern, Romantic and Classical periods.

During the final meeting of each year the retiring executive suggests a slate of officers for the coming term, which is voted on by the club members. To become a member of the club one has simply to invest fifty cents in a season ticket.

On March 8, the Musical Club sponsored a lecture-recital by Harry Adaskin, prominent Canadian violinist from Toronto. This is the first time the University has presented a nationally known musician and it is hoped succeeding executives of the club will invite at least one great artist on concert tour, to perform in Convocation Hall.

Vic Graham at the Organ

Musical Club in Session

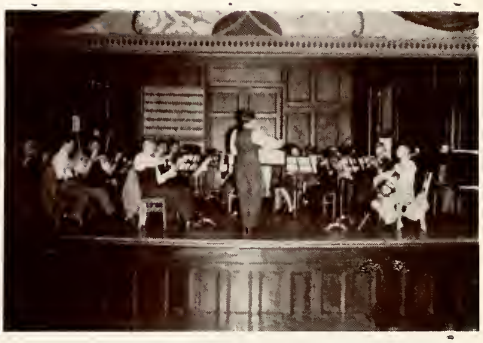
UNIVERSITY SYMPHONY ORCHESTRA

THE EXECUTIVE

This year saw the organization of the University's first Symphony Orchestra, under the direction of Mr. John Reymes-King, Professor of Music. The enthusiasm for this new undertaking was shown by the membership of some forty musicians.

Sections of the orchestra assisted at the Varsity Mixed Choir Concert in January, and played a major role at the Spring play, "Stampede".

The orchestra was formed too late in the season for a major production, and plans for a broadcast also fell through, but its president, Ted Lindskoog, and its other fine musicians, offer the promise of some good musical concerts for next year.



PROF. REYMES-KING CONDUCTING

UNIVERSITY MIXED CHORUS

At the conclusion of its second year under the Directorship of its creator and conductor, Gordon Clark, the University Mixed Chorus can look back with satisfaction on a brief but remarkable record. Last year's concerts were held in Convocation Hall before a limited audience; local connoisseurs, some of them familiar with University shows over a period of 30 years, described them as the most memorable home-product of the institution's musical history. This year, before large and sophisticated audiences in McDougall auditorium in Edmonton and Knox United Church in Calgary, informed opinion rated its concerts as among the outstanding musical events in provincial history.

In commemoration of this unique achievement, the Year Book introduces herewith a page that is also unique. We present it as a tribute to, and symbolic of, the entire chorus whose members gave their time and energy unstintingly towards that final goal which will stand for all times as a milestone in the cultural evolution of the student body.

To its other executive officers, inscribed below, the Mixed Chorus owes an additional debt of gratitude.

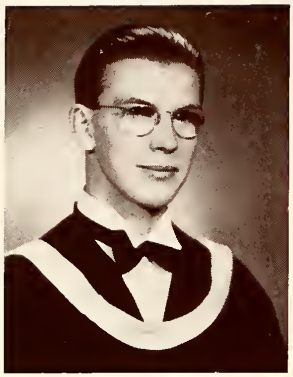
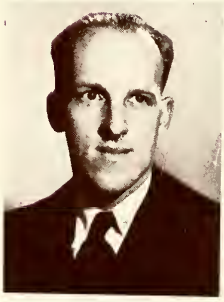
World Student Relief



ELDON FOOTE
Director

MARJ. OLSTEAD
Secretary



DON WELLS
Treasurer

This year instead of the multitude of tag days sponsored on the campus in former years, one Major Drive was held during the week March 4th to 9th. The objective was set at $2,500.00; the proceeds were in aid of World Student Relief and the annual Christmas Fund. World Student Relief is an international organization which promotes and assists recovery of European universities and their students from the effects of the war.

The first four days highlighted interfaculty competition with drive representatives soliciting class mates. The enthusiasm was overwhelming, with the Pharmacy Club first to go over the top. The last two days of the campaign were declared "open season"; and those who had managed to slip by before were soon buttonholed by persistent co-eds. The progress of the individual faculties was recorded daily on thermometers arrayed on the walls of the Arts Rotunda and the progress of the whole University in achieving its quota was recorded on a giant thermometer at the entrance to Convocation Hall. Everyone on the campus was approached and the co-operation was outstanding. Both the faculty and the office staffs generously contributed.

To focus campus interest on the drive, several courageous characters pulled stunts in the Rotunda and on the campus each morning. Students joined wholeheartedly in stomping to the strains of a jam band, gulping live goldfish, (3 girls even!) and donating money the pleasant way at a Kissing Booth, featuring three lovely co-eds one morning and three not-so-lovely-but-just-as-eager campus wolves the following morning. On the final morning of the drive, cracked eggs were thrown at two martyrs who allowed themselves to be trussed in chairs out in front of a howling mob. Tickets were sold during the week for dates with three lovely co-eds; the winners were entitled to an evening at Club Roosevelt with all expenses paid. This scheme so ably handled by Marge Olstead netted over $200.00. This year the lawyers went all out and raffled two jugs rather than the usual one. (In view of the urgent necessity of the charity it was felt that no effort should be spared in making the drive as successful as possible.) The city council was approached and permission was granted to sponsor an overtown tag day. Under the efficient management of Frank Murphy and Sam Lieberman with the assistance of over 50 co-eds from the girls' fraternities, the Co-ed Club and Pembina, this venture was most successful and realized nearly $600.00. Over-town business firms interested in the drive were also solicited.

On the final night of the drive, Club 400 was held in the drill hall. A floor show and dance with a cast of 50 was directed by Joe Shocter in a very convincing night club setting. An additional $500 was added to the ascending total by this highly successful conclusion to a hectic week. The final total of the drive—slightly over $4,000.

Drive

Club "400"

"Collegium Agricolarum" was founded in 1911 by A. E. Ottewell and John Blackmore, bringing a small group of farm students into agricultural discussions. In 1914 the organization lapsed owing to war conditions, but under Dr. Lehman's guidance, was revived in 1916-17, the year following the inauguration of the Faculty of Agriculture. R. D. Sinclair was elected president. On January 31, 1920, the "Agricultural Club" officially came into being.

1945-46 saw the membership increased by nearly 300% and marked the return of quantity to the club. Quality has been ever present. The Ags again fought valiantly in the Interfaculty sport wars and contributed several stars to the senior teams.

Highlights of the year were the Freshman Introduction Banquet, the victorious Aggies' Football Parade entry, the Ag Roundup at the Masonic and the Annual Graduation Banquet at the Macdonald. Several general meetings and an informal dance rounded out the activities of a very successful year.

Arts and Science Club

ASC '46

Name .....

A.S.C. was organized early in 1946. Arts and Science, which has muddled along for nearly 40 years, at last has its own faculty club. Jack Pritchard, Arts and Science representative on the Council and a fiery Theolog, was the power behind the idea, and called a meeting on January 15, 1946, when an executive was elected by some 80 students present and blessings pronounced by Dean John Macdonald, the first honorary president.

The Club's mentors, headed by Colin (Handlebars) Murray, decided that a major function would best establish A.S.C. as a campus power, so plans were laid for the first Mardi Gras. Bill Brennan defeated three other princes after a slapstick election campaign (and abduction by Engineers) to reign as the first King of the Mardi Gras.

Memberships were sold to nearly 400 students in a one-day drive, out of a possible total of about 700. This enabled the club to salt away a sizeable cash balance during its infancy.

A.S.C. challenged E.S.S. in the annual Student Relief Drive and exceeded them in both per cent contribution and cash "rake-in", as 65% contributed to the tune of $467 to beat all other faculties.

The Arts and Science Club hopes to foster faculty spirit to a point where it can become constructively helpful to its students and to the campus in general. The need of such an organization has long been felt.

Plans for the future include such meetings as will draw together the varied types in the faculty for mutual enjoyment, the sponsoring of an annual major function, and active participation wherever possible as a potent organization in all campus activities.

La fin de la guerre et le retour du Cercle Français à la grande salle d'Athabasca—voilà les causes primaires du succès vif et brillant de cette organisation pendant l'année 1945-46. Les membres du Cercle se sont assemblés deux fois par mois pour parler français et pour l'entendre. Cette année le programme du Cercle Français a compris des causeries d'un intérêt varié. Dr. Sonet a parlé du "Bon Vieux Temps" à l'Université d'Alberta; M. Graham d'une visite en Angleterre; M. Lambert de sa vie comme prisonnier de guerre et M. Martin du "Nord". Le sujet du discours de Mlle. Bowman était "Nos Compatriotes"; celui de M. Greene "La Psychologie Nationale" et celui de Mlle Donis "Une Leçon d'Histoire". M. Gerald Hankins a fait un discours intéressant.

Sans doute vous avez écouté notre émission du poste de radio CKUA et avez vu notre modèle de la Tour Eiffel que était notre contribution au bal du club des Arts et Sciences.

Un programme musical, et un banquet à l'hôtel Corona ont ajouté au succès de l'année. Outre ces causeries le programme a compris des saynètes improvisées par les étudiants, des chansons et des jeux français.

Sans manquer de modestie, on peut ajouter que le Cercle Français est l'une des plus nombreuses et des plus vivantes organisations de l'Université d'Alberta.

CLUB MEETING

FRENCH QUIZ

THE EXECUTIVE

Chemistry Club

This year the Chemistry Club reached a new high, and attained a greater prominence because of the reinforcement of returning veterans. As a student chapter of the Chemical Institute of Canada, we received Dominion-wide recognition by having our own news section in the Canadian Industries Limited Journal.

Several joint meetings were held with the over-town Chemical Society. At these meetings prominent speakers discussed various important aspects of chemistry.

At the end of February all the chemists and their guests got together at the Corona Hotel for their annual banquet and dance. Wide-eyed amazement was exhibited by everyone present because of the excellent chemical display.

Ruth Drew
Secretary

Ines D'Appolonia
Treasurer

This year the popularity of the Co-Ed Club was proven by the spirited support which a record high membership gave to the Club's activities.

The "Co-Ed College Party" started the social program rolling. A hilarious November sleigh-ride followed, and then a Christmas banquet—complete with tree, carols, and yes, even a charming "St. Nick". A sparkling "Winter Wonderland" was the theme for the semi-formal dance which was the hi-light of the new year. Monthly supper meetings were rounded off by a final banquet, where the election of the new executive took place.

Special thanks is given to Miss Mabel Patrick, Honorary President, for her kind co-operation and help on all occasions.

Winter Wonderland

Christmas Party

Commerce Club

THE EXECUTIVE

The executive of the Commerce Club has had to learn to count above thirty this year with the influx of over a hundred freshmen, mostly veterans, and the return to the fold of several upperclassmen, who took a few years off while in the armed forces. The club is making a mighty bid to return to its pre-war high standard, and to this end a hockey team and basketball team were sponsored.

Mr. H. W. Hewetson, Honorary President of the club was guest speaker at the first activity of the year, a supper meeting held in the Cafeteria. Two more meetings, held after Commercial Law sessions, were addressed by Mr. F. G. Winspear and Mr. Johnstone.

The Annual Banquet and Dance, held this year at the Macdonald, climaxed a year which saw the club transformed from a small enthusiastic (but select) to a large, enthusiastic (and just as select) group. The only difference is in numbers—but it certainly has made a difference.

The Canadian Universities' Returned Men's Association

The Canadian Universities' Returned Men's Association was formed at this University in October 1944 when the first group of thirty-seven ex-service men banded together to take concerted action on problems peculiar to the veteran—problems of assisting to rehabilitate returned men and women to civilian life and studies. This small group was the guinea-pig class and paved the way for the 850 veterans of September 1945 and the 500 of January 1946.

Returned men found their professors keenly interested in giving them every assistance. The help of Mr. D. E. Cameron and Lt. Col. E. N. Strickland was especially valuable. The Department of Veteran's Affairs sent a representative to the CURMA office twice weekly to give every possible assistance.

Vive-President Bill Rorke attended the National Conference of Student Veterans in Montreal, at Christmas, where he was elected Vice-President of the National Council. Many problems were discussed and recommendations were sent to Ottawa.

In October '45, CURMA acquired Arts 152 for its office and in December hired a permanent secretary to handle the increasing business.

CURMA meetings were held every two weeks at first, but later monthly. Special meetings were called for certain pressing problems, notably the proposed move of the Jan. '46 class to the U.S. Airbase.

CURMA's principle headache was the desperate housing shortage. Accommodation of any sort was difficult to find, and family quarters almost impossible. The First Housing Committee with the help of Col. Strickland set up the City-Provincial Housing Scheme. Army huts from Dawson Creek were converted into 100 satisfactory suites. This project has enabled a number of men to attend university who otherwise would have been unable to do so. The Second Housing Committee took over these duties at Christmas and has done a splendid job.

The Dawson Creek huts could not adequately solve the housing problem and efforts were made in other directions. The Housing Bureau was set up and through the press, radio, bulletin boards, and even a house-to-house canvass in Garneau, new listings were obtained for the benefit of all the veterans.

CURMA of 1945-1946 has laid a sure foundation upon which the student-veterans of the post-war years can build a strong organization to solve their difficulties by united action.

Public Speaking

The McGoun Cup, once more in Alberta's possession, fired a new interest in the art of public speaking. As a result, the Public Speaking and Debating Club once more took its place among the very active clubs on the campus.

Outstanding on this year's program was an address, attended not only by the members but by the general public, on the "Arab-Jewish Problem in Palestine." Another highlight was the series of inter-faculty debates. The Faculty of Education emerged victorious, and are the proud possessors of the Hugill Cup. The winning team members were Les Gue and Hugh Kent.

The spotlight turned from inter-faculty to inter-varsity debating with the battle for the McGoun trophy. Although Alberta was an able contestor for the cup against Manitoba and Saskatchewan, Manitoba managed to carry off the coveted trophy.

Our wisdom teeth have finally erupted! After twenty-one years of many aches and pains, the School of Dentistry has been created a Faculty. While still in its teething stage, the school taught only the first two years of the dental course, and the final years were finished elsewhere. Now the five and six year courses leading to D.D.S., and D.D.S., B.Sc., can be completed at the University of Alberta.

The registration of potential dentists has grown rapidly, as is shown by the large enrollment of eighty pre-Dental students, compared with the average class of twenty-five in previous years. Our growth has been accompanied by severe growing pains which must be alleviated soon. Accommodation in the Medical Building is at a premium, and unless drastic measures are taken toward building a new Dental Building, many students will be unable to continue their professional training at this University.

The students wish all success to Dr. Hamilton and his co-workers who are so intent on making this one of the best Schools of Dentistry on the continent. We hope that their ideal of a new building may be realized in the near future.

There will be no graduating class in 1946 because of the Canadian Dental Corps speed-up course. Those who would normally have graduated in April received their degrees at Christmas 1945.

Whatcha doin' Doc?

DEAN M. E. LaZERTE

E.U.S. EXECUTIVE

Education Under

PRESIDENT AL RONAGHAN

The E.U.S., successor to the Education Club, merges the professional and social activities of the Education students under one executive.

Our main problems this year were caused by having the Faculty removed from the University proper to be housed a few blocks away in the Education building. E.U.S. activities had to be tied with those of the University at large so as not to become isolated. Furthermore, many of the students thought the dashes between the Arts and Education buildings constituted the P. T. course and failed to show up at regular classes.

The E.U.S. produced a women's championship basketball team and a men's team which fared quite well. Our hockey team, though ultimately defeated, showed stylish playing to the rest of the campus. The E.U.S. debating team won the Hugill Trophy and took part in the Intervarsity debate for the McGoun Cup.

BERTA MARTIN

CATHERINE PIERCE

OFF TO THE EDUCATION BUILDING

THE SNOWBALL

Graduate Society

A P.A. system bought jointly with the University High School Students' Union helped to rouse faculty spirit and to bring attention to all Varsity events.

The E.U.S. program consisted of educational films, talks by noted speakers, skating parties and dances. The highlights of the social season were the "Snow-ball," whose decorations were the envy of every other faculty on the campus, and the graduation banquet and dance held at the Macdonald. The inauguration of a Senior Discussion Group, probably the first of its kind in Canada, met to discuss professional matters, and was another important activity of the E.U.S.

Members of our Faculty were prominent in all activities on the campus and the "torch of learning" is becoming a well-known and respected insignia.

WHAT ARE WE

JIM CLOW
President

Is there an opener in the house?

Thus spake one grizzled Senior; whereupon the engineers' year started with a bang. And the banging continued night and day thenceforth: truly a spirited season it was!

E.S.S. meetings saw few dull moments: two-fisted debates, capable speakers, color films, food, and—sorry, no jokes—four lady engineers, you know.

In sports, Hajash starred on Track points, but the West trophy passed to Arts. The engineers won Interfac Hockey, and carried the Swim meet, with Jack Flavin and Hazel Millet outstanding. However, top place in Interfac Basketball was yielded to brilliant opposition. Bill Sande culled honors in the Broadfoot Trophy competition.

A boisterous campaign wound up as Virginia Webb, Civil 2, led Varsity's fairest to reign as Queen of the Engineers at the biggest E.S.S. Ball in history, while the parade, election, and banquet made a ribald climax to a successful season.

Despite all the added activity on the campus caused by the return of many veterans, both men and women, the House Ec-cers found time to get together at monthly meetings of the House Ec Club. These meetings took place in one of Pembina's reception rooms.

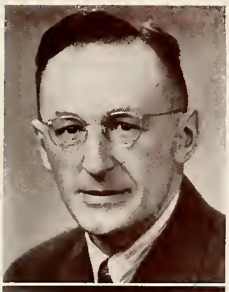
The theme of the meetings was "Food and Nutrition," and a series of lectures was given by distinguished outside speakers. Excellent attendance at all these discussions showed the customary enthusiasm of all House Ec-cers for their profession.

Something new was added this year! The club undertook to enter a float in the faculty parade to welcome the Huskies from Saskatchewan. The "Honorable Mention" meant a great deal to all those girls who put forth so much effort and who did such a good job on it.

The highlight of the year was the formal banquet and dance held at the Corona Hotel early in February. Along with the successful meetings, it did a great deal toward making this one of the best years the club has had.

Miss Patrick presides

Cooking notes?



The Law Club

This the Twenty-fifth Anniversary of the founding of the Law Club saw a sharp increase in the enrollment of law students from the all-time low of nine in 1944-45 to the present number of thirty-six.

With the absence last year and the ultimate resignation of Dean MacIntyre, over-town lawyers kept the Faculty of Law from closing its doors. Great credit is due them for their self-sacrificing interest in the school. This year, Mr. W. F. Bowker has done a magnificent job of putting the law school back on a permanent basis.

Once again, law students took a leading part in the extra-curricular activities of the University.

Highlights of the Club year included the entry of an ingenious float in the football parade, the holding of two informal parties and the annual banquet at the Mac in the spring.

Nurses Formal

The McLeod Club boasts a phenomenal increase in membership this year since the club was enlarged to include all nurses on the campus. This group of girls, who work like beavers on duty, put just as much energy into their social affairs and have had a very successful year.

These twentieth century Florence Nightingales have found time to participate in the various social and educational activities of the club. They have been seen engaged in out-of-door sports including skating, skiing, sleigh riding, and their favorite indoor sport, eating.

Another highlight of the year was the opportunity for the the club to hear Dr. Jack Brown, Provincial Entomologist, discuss social conditions in the United States. Nursing genius in a new field was uncovered with the presentation of a new nursing song and club crest, brought forth as the result of an interyear contest.

Climax of the year's activities took the form of the annual formal—a banquet and dance held at the Macdonald Hotel, where the usual enthusiasm displayed by the Nurses reached an all-time high.

As one of the largest faculty clubs on the campus, this progressive group has a very promising future.

The Alpha Kappa Kappa Medical Club

MED. HOUSE

The AKK Club is a group of Medical and Pre-Med students living at the "Med House" or in close contact with it. The main purpose of the Club is to bring together a congenial group of fellows whose common interests are Medicine and a full enjoyment of University life.

The AKK Club came into existence in 1931. At that time it was called the Aesculapian Club. In 1939 the name was changed to Alpha Kappa Kappa in view of expected affiliation with international Alpha Kappa Kappa.

Since its inception, the Club has expanded progressively. It now has an alumnus-register of well over a hundred doctors, many of whom are frequent visitors at the House.

Several alumnae who have been serving overseas have returned to add new life to the organization this year. Highlight of the social life was the Annual Banquet and Ball held at the Macdonald Hotel in January.

The year 1945-6 ushered in a Medical Course which was entirely devoid of Fourth Year lectures, the chief reason being the entire lack of fourth year students. The students of the war-time accelerated course will graduate this fall, approximately two years ahead of the regular schedule. A Convocation was held in January for the previous class.

The M.U.S. holds bimonthly meetings, in the Medical amphitheatre. The agenda usually includes business, guest speakers, motion pictures and refreshments. In January the Society was most fortunate in hearing Dr. Leone McGregor Hellstedt, Alberta's first Medical graduate whose present home is in Sweden.

In November the annual Medical Banquet and Ball took the Macdonald Hotel by storm with its high calibre stories, stately gentlemen, upright students, and sparkling womanhood. In the same month something resembling a Med. float was driven or pushed to Clarke Stadium for the Sask.-Alta. rugby game.

The Alberta Committee of the Canadian Association of Medical Students and Internes (CAMSI) is being handled by a second year student, Frank Benedict. It is hoped that next year CAMSI will be affiliated with the Canadian Medical Association.

MINING AND GEOLOGICAL SOCIETY

With a membership of thirty-five students and professors, the Mining and Geological Society was the largest that it has been for several years. Members of this Society have the privilege of becoming student-members of the Canadian Institute of Mining and Metallurgy, thereby receiving the monthly bulletin of the Institute. The graduating members played a leading role in the annual western meeting of the C.I.M.M. which was held in Edmonton last fall.

Meetings were held about once a month. Under the capable direction of President Verne Taylor and Secretary Charles Kirkvold, an interesting series of guest speakers and films was arranged.

The Newman Club is a religious organization established to serve the spiritual, intellectual and social interests of Catholic students attending University. The first Newman Club was established at the University of Pennsylvania in 1893. Established at Alberta in 1939, the Newman Club now numbers more than two hundred students.

The club has concluded an active and interesting year. Guest Priests at our monthly Mass and Communion included: His Excellency, John Hugh MacDonald, Archbishop of Edmonton; Major, the Rev. F. B. Thornton, Associate Editor of The Catholic Digest; Rev. K. Foran, Pastor of St. Anthony's Pro-Cathedral; Rev. M. Murphy, Pastor of St. Andrew's Church; Very Rev. C. Ehman, Vice-Provincial of the Redemptorist Order; Rev. R. V. Britton, editor of The Western Catholic. Guest speakers at our bi-monthly general meetings included Dr. Shaner, Dr. W. Johns, Prof. A. Stewart of the staff, and Lt. Col. E. Markey of the U. S. Army. The Annual Retreat in November was conducted by Rev. C. MacDonald, C.S.S.R., and the weekly discussion groups by Rev. E. Briere, Rev. A. O'Brien and Brother Azarias.

Spacious and recently-renovated club rooms provided social facilities for the members. These included special entertainment at Hallowe'en and St. Valentine's Day, Bridge Games, Recordings, Table Tennis and the usual bi-monthly dance.

A radio programme in March, directed by Elizabeth Filipkowski, dramatized the history and activities of the club.

Ski stars this winter tangled for honors in the Varsity ski meet, after scoring a pair of thirds in the hard-fought City competition, while echoes of "Tra-a-ck!" marked aspiring Vajdas' swift progress on the home slopes under expert instruction.

The club welcomed the return of Dr. Bulyea, builder of the cabin's stone fireplace and a pioneer member. Despite iron bars and bolts, summer's end saw the cabin a mass. Speeding repairs, the 200-plus outdoors-ers set out for a magnificent season, featuring such activities as "haywrecks" and toboggan parties, chummy steak fries, a big dance, and the perennial Trolley Tramp. Good snowfall kept skiirs happy.

First Year Pharmacists in Zoo lab.

Three cheers for the Pharmacy Club! After a series of pep-talks by President Gordy Groves, it has achieved the 100% enrollment of the Pharmacy students on the campus. The active interest of the large membership gave the club a well-deserved recognition as a spirited and co-operative organization.

All club functions were well attended, none with more pleasure than "Pharmacy Prance", the annual banquet and dance, held at the Macdonald early in January.

As in other years, regular meetings have been supplemented by joint meetings with the Edmonton Retail Druggists. In this way, better relations are formed between druggists and students, thus attaining one of the primary objects of the organization.

PROGRAMME

1945-46

The Philosophical Society held five meetings during the 1945-46 season, on the second Wednesday evening of each month. First speaker in the series was Col. H. A. Dyde, who delivered a paper on "Canadian-American Relations" at the October meeting. In November, Mr. Alexander Calhoun, of the Calgary Public Library, spoke on "Education in a Free Society". Mr. D. W. Clapperton, also of Calgary, delivered the January paper, "Full Employment in a Free Society". In February, Dr. R. W. Collins of the University Department of History discussed "Canada and the U. S. S. R." Dr. A. G. McCalla of the University Faculty of Agriculture concluded the series in March with "Some Canadian Contributions to Scientific Research".

The J. M. MacEachern Essay Competition

The J. M. MacEachern Essay Prizes are offered annually by the Philosophical Society. The Essay Competition is open to all undergraduate students, and prizes are awarded for the three best essays.

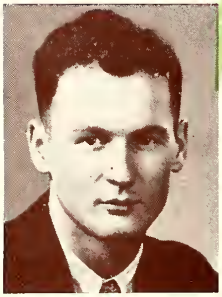
Political Science Club



RON MANERY
Vice-President

Although the Political Science Club held only a few meetings because of the scarcity of prominent political leaders visiting the city, it nevertheless embarked on an ambitious program, and has ended up with some worthwhile recommendations.

Next year, finances permitting, there is to be a Political Science Club essay competition which will deal exclusively with Canadian affairs. A second recommendation is that there be a merger effected between the Political Science Club and the International Relations Club, since many of the questions dealt with in both clubs overlap; it is difficult to discuss Canada's domestic policies without reference to her foreign affairs.

With these plans for the coming year, the club hopes to attain even greater prominence on the campus, and to keep the purpose of the club alive. This purpose is to increase the political consciousness of the students and to make them realize the heavy political responsibility which rests on their shoulders.

DICK BEDDOES
Sec.-Treasurer

Student Christian Movement

S.C.M. CABINET

Vital questions of the day, pro and con, . . . world-travelled visitors . . . serious study of the great affirmations of faith . . . expansion of program and endeavor . . . a conferencing President —these were the Alberta SCM this year.

A trial was made at activity consolidation: instead of scattering SCM functions over the whole week, a single night was chosen as "SCM Night". And so, on Thursday evenings any night throughout the term you found a wide variety of students from almost every faculty running the gamut of Study Groups, social hour, speaker or forum and worship, almost (but not quite) in a single breath. Major interests on the serious side were Dr. E. J. Thompson's and Professor D. J. C. Elson's group on "Towards an Intelligent Christian Faith", and Dr. E. W. Sheldon's and George V. T. Clarke's groups on "Jesus as Teacher". Programme highlights featured such diversified topics as "The Atomic Age" with Dr. D. B. Scott and Dr. Thompson, "Sex, Morals and Marriage" given by Dean A. M. Trendell, and "Student-in-Industry" camps as an experimental testing-ground for Christian vocations, led by work-camper Eileen Kennedy, fourth-year Honors Math student.

The Unit felt like moe than a fly-speck on the globe at the visitation of international personages. There was Dr. John Coleman of the World Student Christian Federation staff, headed for Europe and ultimately the Orient, who was here to put in a good word for the I.S.S. There was Dr. John Karefa-Smart from Sierra Leone, highly qualified Negro physician who made Meds and all of us who heard him see colonial needs as our concern. There was genial "Mac" Ransom, fiery-haired National Staff Missionary Secretary, who sparked arrangements for the Western Regional Conference on Christian Community, at which Alberta was host to delegations from some seven other universities and colleges. There was Ernie Nix, our President, who arrived back at Christmas from the World Youth Conference in London and the International Student Congress in Prague to let us in on British and European conditions, and the possibility of new international youth co-operation. There was the Japanese-Canadian question, in which the unit took a serious interest and vigorous action in protesting the famous government order-in-council. All these, and not least among them the Western Regional Conference mentioned above, gave the membership a vigorous sense of the reality of the "One World" to which this Evergreen and Gold is dedicated.

It is with regret that we see the departure of our esteemed Campus Secretary, Don Read, who leaves us, bound for Britain. The Rev. D. R. J. Read, B.A., L.Th., as he is more formally known, has throughout his two year term made a secure place for himself in our esteem and affections. Wherever he may go, we wish him a sincere "Valete"!

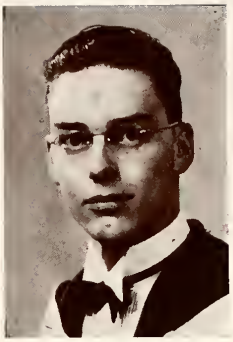
"Theology! Theology! Faith, hope and charity!
Long-tailed coats and poverty! Ah . . . h . . . h . . . men."

The non-denominational Theolog Club maintained in its 20th year the same vigor and friendly spirit for which it has long been noted. Meetings were of an informal nature: A Waffle Night; an address by John Karefa-Smart, M.D., son of a native prince of Sierra Leone; a musical social; a report from Ernie Nix on the Youth Conferences at London and Prague; reminiscences by Principal Miller of students he had known. The annual closing banquet was highlighted by a farewell to Dr. Miller, whose long and friendly association with the Club will make his retirement keenly regretted.

Never in the history of the Club have its members been so greatly occupied with extra-curricular interests and youth work; but despite this (and the fact that matrimony, completed or contemplated, undermined the whole-hearted devotion of many members), the year 1945-46 was altogether successful.

"In Lumine Tuo Lumen".

Varsity Christian Fellowship



WILLIAM ARCHER
President

The record Freshman class and the introduction of the Veteran's viewpoint has increased the enthusiasm and vitality of the University of Alberta V.C.F., our chapter of the interdenominational evangelical student organization.

We all enjoyed such highlights as the Freshman Reception, the weekend conference at Wetaskiwin, Sunday afternoon Missionary Teas, the hike to the Pines, and snow-drenched sleigh rides and skating parties. The weekly discussion groups and Bible studies were directed by members of the group, and such guest speakers as Rev. McBeath Miller, Dr. Cook, and Flt. Lt. Maurice Murphy. These, along with daily noon prayer meetings, contributed much to the Christian experience of each member.

This year V.C.F. undertook the operation of the Book Exchange, a service to the entire student body.

As winter snows depart, weary members of the group are inspired by thoughts of their V.F.C. camp—Campus-in-the-Woods.

Aurora Biamonte

Practice Session

TENNIS CLUB

TOM CARSCADDEN

YVETTE LEBEL

The Tennis Club, under the leadership of Tom Carscadden and Yvette Lebel, enjoyed a successful campus tournament and were able to send four players to Saskatoon for the Western Intercollegiate tournament.

Men's singles champ is Freshman Engineer Clare Amies, who defeated Paul Drouin. Close behind were Bob Strother and Murray Stewart. Dorothy Soby topped Helen Lilly to take the Women's Singles crown, after defeating Yvette Lebel and Betty Williamson by a narrow margin.

Alberta's foursome of Lilly, Soby, Amies and Drouin found the opposition of good tennis and bad weather at Saskatoon too much for them, as Manitoba and Saskatchewan took the honors.

The club hopes to bring back the Bert Smith-Jones Intervarsity Trophy and the Priscilla Hammond Memorial Trophy for mixed doubles next year.

HELEN LILLY
YVETTE LEBEL
DOROTHY SOBY

PAUL DROUIN, CLARE AMIES AND OPPONENTS AT SASKATOON

SWIMMING CLUB

Presidents:
DON WRIGHT and MARY FAIRHEAD

This year boasted a larger than ever Swimming Club, carrying on in weekly sessions at the Y.W.C.A. Doug Lemmon, popular club coach, led relays and follow-the-leader games in addition to his regular expert instruction.

In two meets, November and March, records fell before Don Moore, who broke the long-standing backstroke record, and Norman Flavin, who shattered the previous figure for Mens' 40-yard freestyle. Among the girls, Hazel Millet, Shirley Auld and Mary Fairhead showed well in interfaculty contests.

Club members are active among the groups pushing the campus gymnasium project; lack of a swimming pool is a hindrance and precluded an intervarsity meet this year, although high hopes are held for a travelling team next season.

Trainer

Intercollegiate hockey returned to the campus for the first time in five years with our Golden Bears retaining the Halpenny Trophy for the 14th consecutive year. Under the infinite patience and "hockey knowledge" of coach "Shorts" Purcell, our smooth, high-spirited team came through by defeating the powerful Saskatchewan aggregate in three straight games.

HALPENNY TROPHY

Senior Hockey

Although the Bears were not included in a league during the season, several games were arranged with teams of the Independent loop, as well as out-of-town teams.

The first two playoff games were played in our own Varsity Rink and the Golden Bears showed the results of these former games and their excellent coaching. In what proved to be Edmonton's best games this season, the Bears came from behind to win 8-6 and 5-3.

The following week, Alberta journeyed to Saskatoon and made it three straight by way of a 3-2 victory over the much-vaunted Huskies.

Much credit is due to likeable coach "Shorts" Purcell, President of Hockey Barss Dimock, Manager Joe Fraser, and trainer Murray Cowan. Together they formed our victorious club, and proved that Senior Hockey is back on the campus to stay.

THIS MAKES IT ALBERTA 7 — SASKATCHEWAN 5

THE ENGINEERS

Interfac Hockey

For the first time in many seasons, Interfac Hockey was played in the Varsity Rink.

Play throughout was smooth and the Engineers completed the schedule at the top of the league, consisting of Commerce, Engineering, Education and Agriculture. In the playoff semi-finals, Engineers walloped the Ags 8-3 to advance into the finals against Education, who disposed of Commerce 6-1. The well-balanced Engineers copped the finals by defeating Education 7-0 and 10-5.

EDUCATION—SEMI-FINALISTS

Tumbling Club

Tumbling this year became dissociated from the Wrestling Club. Under President Cecil Mickelson, and the excellent coaching of Bob Routledge and Jim Whitelaw, the club made outstanding progress.

Ten of the members assisted by Stella Holosko performed at the Mardi Gras; five other displays were put on at city functions.

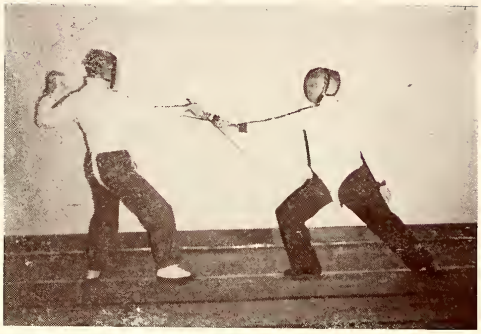
In addition to this more advanced work, many beginners have made good progress; this illustrates the club's aim: to enable larger numbers to enjoy the sport . . . a triad of exercise, body development and sheer fun.

STELLA HOLOSKO AND PYRAMID OF TEN AT MARDI GRAS

BODY BUILDING

FENCING

FOILED



Lunge! Parry Riposte! . . . and another meeting start with a bang!

This year has been a hectic one: not only have club members had to fight one another but, also, have had to fend off the women's and men's basketball clubs and the badminton club. When our club gave up space in the Drill Hall (with a basketball game on one side and three badminton matches on the other) to take up its stand in Athabasca Gym, it found itself crowded off the floor by more basket shooters.

After New Year's, all members returned filled with good spirits and high hopes for a successful season of fencing, only to find that our complete supply of foils and masks had absconded with a maid, thereby originating the Club motto: "Curses! defoiled again." Next week, the foils were found and the maid reprimanded severely.

Excepting occasional tussels with the battling bruisers of women's basketball, the Club settled down to make up for lost time. As Pres. Alwyn Scott had promised, thanks to the sympathetic assistance of Sec.-Treas. Elaine McLean, and the slave-driving of Coach Frank Wetterberg, the Club offered and delivered—poise to the boys and chassis to the lassies.

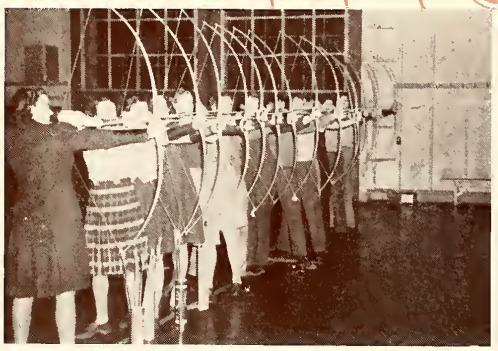
ARCHERY

The Archery Club, in its 1945-46 Session, benefited greatly by the general return to a peace-time basis on the campus.

Membership was large, especially in the men's section, since eager enthusiasts had time to become regular attendants. Another factor responsible for the club's success was the new shooting range. Accuracy in marksmanship improved considerably with the better lighting and heating facilities of the new Drill Hall.

Year's highlight was the Interfaculty tournament. The four top-scoring girls constituted a team which challenged the Y.W.C.A. to a competition.

Under the coaching of Mart Winning and the Presidency of Joan Hay and Ray Brown, the Archery Club has enjoyed one of its most successful years.



READY! AIM!

THE GANG'S ALL HERE

THE CLUB

BACK ROW: DOUGLAS, BREWERTON, PURNELL, BRONSON, E. BERG, KNOWLER, HENDERSON, D. BERG.
FRONT ROW: ROE, PYRCH, PERRY, WALKER, STRATTON.

The Boxing Club

After scrambling around at the beginning of the year, the boxing club managed to get installed in St. Joe's Gym where they put up light and heavy punch bags and worked-out twice a week. They began by learning the fundamentals and progressed until they had some knowledge of the art of feinting and weaving. Attendance varied between ten and twenty-five members and faces changed frequently. In January we had hopes of staging an assault-at-arms to prepare the university's contestants for Saskatoon but accidents and lack of interest among the participants forced us to abandon the idea. The boxers who made the trip to Saskatoon on March 8 were: Len Maher (flyweight), Steele Brewerton (welterweight), Jack Perry (middleweight), Eldor Berg (light-heavyweight). They split honors at Saskatoon, Maher and Berg winning, the other two losing their decision. The boxing executive this year consisted of Len Maher, president, and Jack Perry, coach.

HARD AT IT

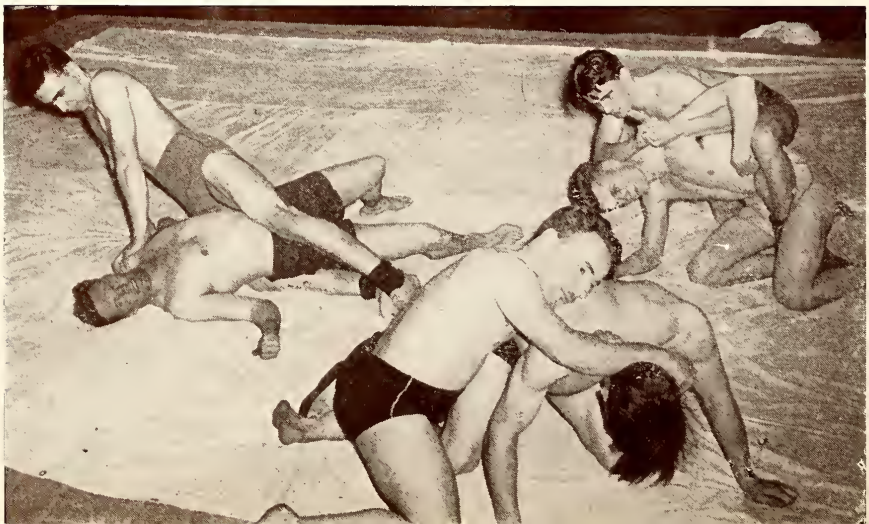
PERRY SHOWS THE BOYS

Howard Fredeen, (Coach) George Klumph, Allan Edwards, Stew Dallyr
Art Lewis, Ben Van Hess, Val Kudryk, Stan Pethybridge

Wrestling Club

The Wrestling Club boasted a large membership this year, and with the excellent coaching provided, keen competition was maintained throughout the year. Four of the top wrestlers attended the intervarsity assault-at-arms held in Saskatchewan early in March, and acquired two championships of the four classes entered. Val Kudryk, middleweight, and Howard Fredeen "grunted" their way to intervarsity championships in their respective classes. It is hoped that interest and memberships will increase still more in this club to maintain the high standard of wrestling that it is capable of producing.

OUCH ! ! ! I THOUGHT THAT WAS YOUR ARM!



MELNYK AND EXECUTIVE SIGN THE CONTRACT WITH THE GRANITE CLUB, WHILE RITCHIE ADDS THE FINAL TOUCH.

Varsity Curling Club

The roarin' game of the Scots, curling, was added to the U. of A. sports calendar this year. The game rapidly developed into the most active sport on the campus and embraced a total of 144 regular members. These members co-operated with a livewire executive of John Melnyk, Dick Beddoes, Lloyd Kjorven, Nancy Pascoe, John Wolfe, and Jim Ritchie, to make the maiden voyage of the club on the campus a successful one.

In the club bonspiel staged in March, Grand Challenge honors were won by John Melnyk and his rink of A. Basset, Bill Lobay, and Ray Phillips.

The club promises to be strictly big time next year, and with a McDonald Brier in sight for the university curlers throughout the Dominion next year, prospects for continuing curling interest is high. The game is on the campus to stay and will long provide thrilling sport for the Besom an' stone artists.

Senior Basketball

Coached by Maury Van Vliet, the Golden Bears began the season as holders of two trophies—the Rigby Cup, mug of Inter-Varsity supremacy, and the Edmonton Men's Basketball Championship trophy. Entered in the six team City league, the Bears lost only three games, all to the Air Base Clippers, to end the season in second place. The Clippers took the finals from the U. boys to the tune of 54-41 and 59-55, in what were the best games seen on the campus for many moons.

On January 30, the Golden Bears left for Winnipeg and the Inter-Varsity Basketball Tournament. The first game was lost to the Saskatchewan Huskies 34-24, and the Manitoba Bisons outplayed the tired Alberta team to the tune of 44-29. The University of Manitoba took the Rigby Cup by taking this game and a previous one from Saskatchewan.

Manager Leo Lyman and President of Men's Basketball, Alex Jardine, guided basketball at Alberta through one of its most successful seasons.

INTO THE BASKET

Back Row—Jack Reid, Neil Barnes, Clare McDermott, Jack Munson, Floyd Searle (Coach)
Front Row—Doug Allen, Harvey Robinson, Don Phillips

Junior Basketball

For the first time in several years the University of Alberta fielded an underage basketball team. This squad, early dubbed the Varsity Cubs, played in the Edmonton Junior Men's Basketball league and ended the season firmly entrenched in third place.

During the season the Cubs dropped no fewer than five games of the fifteen games played, by margins of two points or less.

FINAL LEAGUE STANDING

	W	L	F	A	Pct.
Y.M.C.A. Toilers	14	0	488	251	1.000
Victoria High	8	5	400	404	.625
Varsity Cubs	7	8	407	434	.462
West Edmonteens	4	10	357	379	.284
South Edmonteens	2	12	281	465	.142

In the semis the Cubs met the undefeated Y. Toilers and went down before the smooth-working crew in two straight 28-27 and 28-44. The Toilers went on to take the league title with a two out of three conquest over West Edmonteens.

Great credit is due to Floyd Searle who coached and managed the Cubs.

Interfac Basketball

Karl Erdman is to be congratulated on his leadership of the fine interfac basketball league this year.

The end of league play saw the Engineers and Ags tied in first place, but in the semi-finals, Arts banished the Engineers by 4 points and Commerce shaded the favored Ags by 3 points.

In the total-point finals, Arts won the first game over Commerce and although Commerce gained the second game, the lead of the "cultured-men" was not overcome, and they gained the honors for the year.

Thanks are extended to team managers and coaches for their excellent efforts.

A SCORE!

THE TOSS-UP

Women's Senior Basketball

PANDY AND PRIZE

PANDAS IN ACTION

Women's Senior Basketball

Eleanor Krys

Frances Stanley

Vera Hole

Shirley McPhail

Gretta Hanna

Alberta's Pandas brought glory to their Alma Mater as they returned victorious, bearing the Cecil Race Trophy from an intercollegiate meet at Winnipeg.

Coach McClocklin worked expertly and patiently with the girls until they outshone Saskatchewan and Manitoba 34-27 and 22-17 respectively. Tommy received whole-hearted co-operation from such strong players as president of basketball Eleanor Krys, Vera Hole, June Causgrove, Sylvia Calloway, Olive Barnes, Dorothy Jones, Frances Stanley, Shirley McPhail, Herta Moll and Gretta Hanna.

Although fans were unable to see the Pandas in action against other campus hoop squads, the City's Senior Womens' League afforded some good basketball; the Pandas placed second in the league, going down before a fast team from Morton's.

This year's team worked long and hard for the Race Trophy; in spite of the fact that part of their talent is graduating this year, the Pandas hope to put up as good a fight next winter, to keep the trophy at Alberta.

Sylvia Calloway

Dorothy Jones

June Causgrove

Olive Barnes

Herta Moll

Junior Women's Basketball

This year the Junior Varsity team has been active in basketball circles. Under the combined coaching of Tommy McClocklin, Eleanor Krys, Sylvia Calloway, June Causgrove, Vera Hole and other Panda members, junior players learned the A.B.C.'s of basketball and are ready to follow in the footsteps of the Senior team. Next year's Panda's will be chosen from the Junior team.

Actual game experience came from encounters with a team from University High School and a Westglen squad. Though the Alberta girls came out on the short end of each score, players gained much from the games.

As a potential source for Panda players which provides the same style of coaching as the Senior team receives, the Junior team will be maintained and encouraged next year.

Members of this year's team are: Eileen Macartney, Elsie McFarland, Jeanne Gould, Aurora Biamonte, Lillian Gehrke, Pauline Arnett, Bernice Moore, Yvonne Harrison, Lorraine Gagnon, Geraldine Fish.

Top Row, left to right: Pauline Arnett, Dorothy Husband, Ruby Deksne, Elsie McFarland, Dorothy Soby.

Bottom Row: Yvonne Harrison, Eileen Macartney, Aurora Biamonte, Audrey Fryer.

Women's Interfaculty Basketball

After a closely matched interfaculty series, the Education girls topped the Scieunce team 34-18. Science, Arts and House Ec. trailed the teachers in that order.

Under the capable direction of Vera Hole, the season proved a highly competitive one. The interfaculty basketball spirit kept the competition for the Interfaculty Rose Bowl Trophy at peak rivalry till the final tally was made.

BADMINTON CLUB

THE EXECUTIVE

Pres.	Vice-Pres.	Sec'y.
Jocelyn Simpson	Jack Donald	Marion McLellan

Although working under difficulties this year because of a lack of necessary facilities, the badminton club managed to attract over 150 members.

The club was organized successfully under its executive Jocelyn Simpson, Marion McClellan, and Jack Donald.

The highlight of the year was the tournament held at the end of January. About 60 members participated and great enthusiasm was shown.

Joan O'Rourke and Marge Fraser teamed up to defeat Lorraine Skeith and Jocelyn Simpson. For the second year in succession, Marge Fraser won a close decision from Joan O'Rourke to take the ladies' singles crown.

Big upset was Freshie Bob Watson's defeat of last year's champion, Bill Armstrong. Watson fell before the onslaught of Bill Burge who in turn was defeated in a very close game by Jack Williams. In the men's doubles, Bill Armstrong and Bill Burge downed Jack Williams and Ken Nickerson in two straight games.

The tournaments ended when Joan O'Rourke and Bill Armstrong defeated Marge Fraser and Bill Burge in the mixed doubles.

To close the season, some of our members were invited to play a Round Robin with the Faculty Club.

C. O. T. C.

All Platoon Officers during the year have been Engineering students, of whom eight attended Summer Training Courses for Third Year Engineering students in the summer of 1945.

On Feb. 14 the Unit supplied a Guard of Honor to His Honor the Lieutenant Governor on the occasion of the opening of the Legislature. Many favorable comments were made about the Guard which was under the command of Capt. R. W. Ross, assisted by Lieut. M. Lambert.

Only one parade a week has been held during the year with some Saturday afternoon parades to make up the required time. The training has been along the same lines as during war time.

About fifteen members of the unit are writing the qualifying examinations at the end of March for Commissions in the Reserve Army.

LT.-COL. F. OWEN
Officer Commanding

COL. OWEN AND MAJOR TOWERTON

At the beginning of the Training Year there were several changes in the cadre of officers. Lt.-Col. P. S. Warren gave up the command to take over the duties of Provost of the University. Other officers retiring were: Maj. W. G. Hardy, Capt. C. Tracy, Capt. W. Johns, Lt. G. Elliott.

The services of Lt.-Col. P. S. Warren who had commanded the unit for six years and of the other retiring officers were greatly missed. Fortunately for the unit several former members of the unit, who had returned to the University from service overseas, were willing to rejoin. These officers were: Maj. D. F. Cameron, Maj. D. M. Jacquest, Capt. R. W. Ross, Capt. S. J. Cornish, Lieut. M. Lambert.

The Training Officer for the year was Capt. G. P. Chapin, P.P.C.L.I. who has been accepted in the Interim Force. The rest of the permanent staff consisted of: C.S.M. Croft, A., C.Q.M.S. Robb, J. B., Sgt. Cruickshank, D. L.

University Naval

The past year has witnessed the transition from a war-time naval unit to a peace-time officer reserve training division. The popularity of this branch of the service was evidenced by the increased enrollment necessitating the establishment of two new divisions, Anson and Benbow, to supplement the "old salts" of Drake and Nelson divisions.

A training syllabus was drawn up with a view to giving the "Landlubbers" a groundwork in discipline, naval terms, and seaman instruction. The second year divisions advanced into more difficult work such as navigation and administration.

To round off the year's instructions in the ways of the Navy all ratings will be given a two-week cruise from Esquimalt on Vancouver Island to Alaska. This cruise is given instead of the regular training period on the land ship H.M.C.S. Naden at the coast. Three separate sailing dates have been arranged and three R.C.N. ships of the Frigate

Training Division

class will be used in the cruises. In addition to this a dozen of the more adventurous types have volunteered for full-time summer training with the permanent navy. They hope to see a large section of the world before coming back to the books in the fall.

In line with Naval Service Headquarter's plan to make the U.N.T.D.'s across Canada a reserve of trained naval officers, an officers' selection board will visit Edmonton to interview prospective candidates for commissions.

During the term G. F. Dalsin, Lt. R.C.N. (R) succeeded A. W. Matthews Lt. Commander (S.B.) R.C.N. (R) to the post of commanding officer.

The training staff headed by H. Cochrane Lt. R.C.N. (R) ably assisted by Chief Petty Officers Barnes and Munro carried on instructional duties during the year.

PICTORIAL

1. Pembina initiates freshettes
2. She's not UBC—she's ours!!
3. Nurse's playmates
4. Vitamin D in cheesecake
5. More than one use for fire escapes
6. Cigars, cigarettes?
7. More shy (?) initiates
8. Skirts shorter this year . . . .

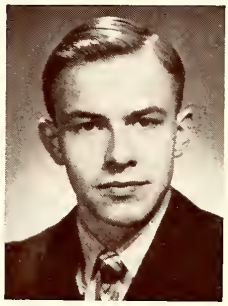
Business Manager Reports



WITHIN every structure, physical or otherwise, there are pillars or members without whose support the structure would fail to stand.

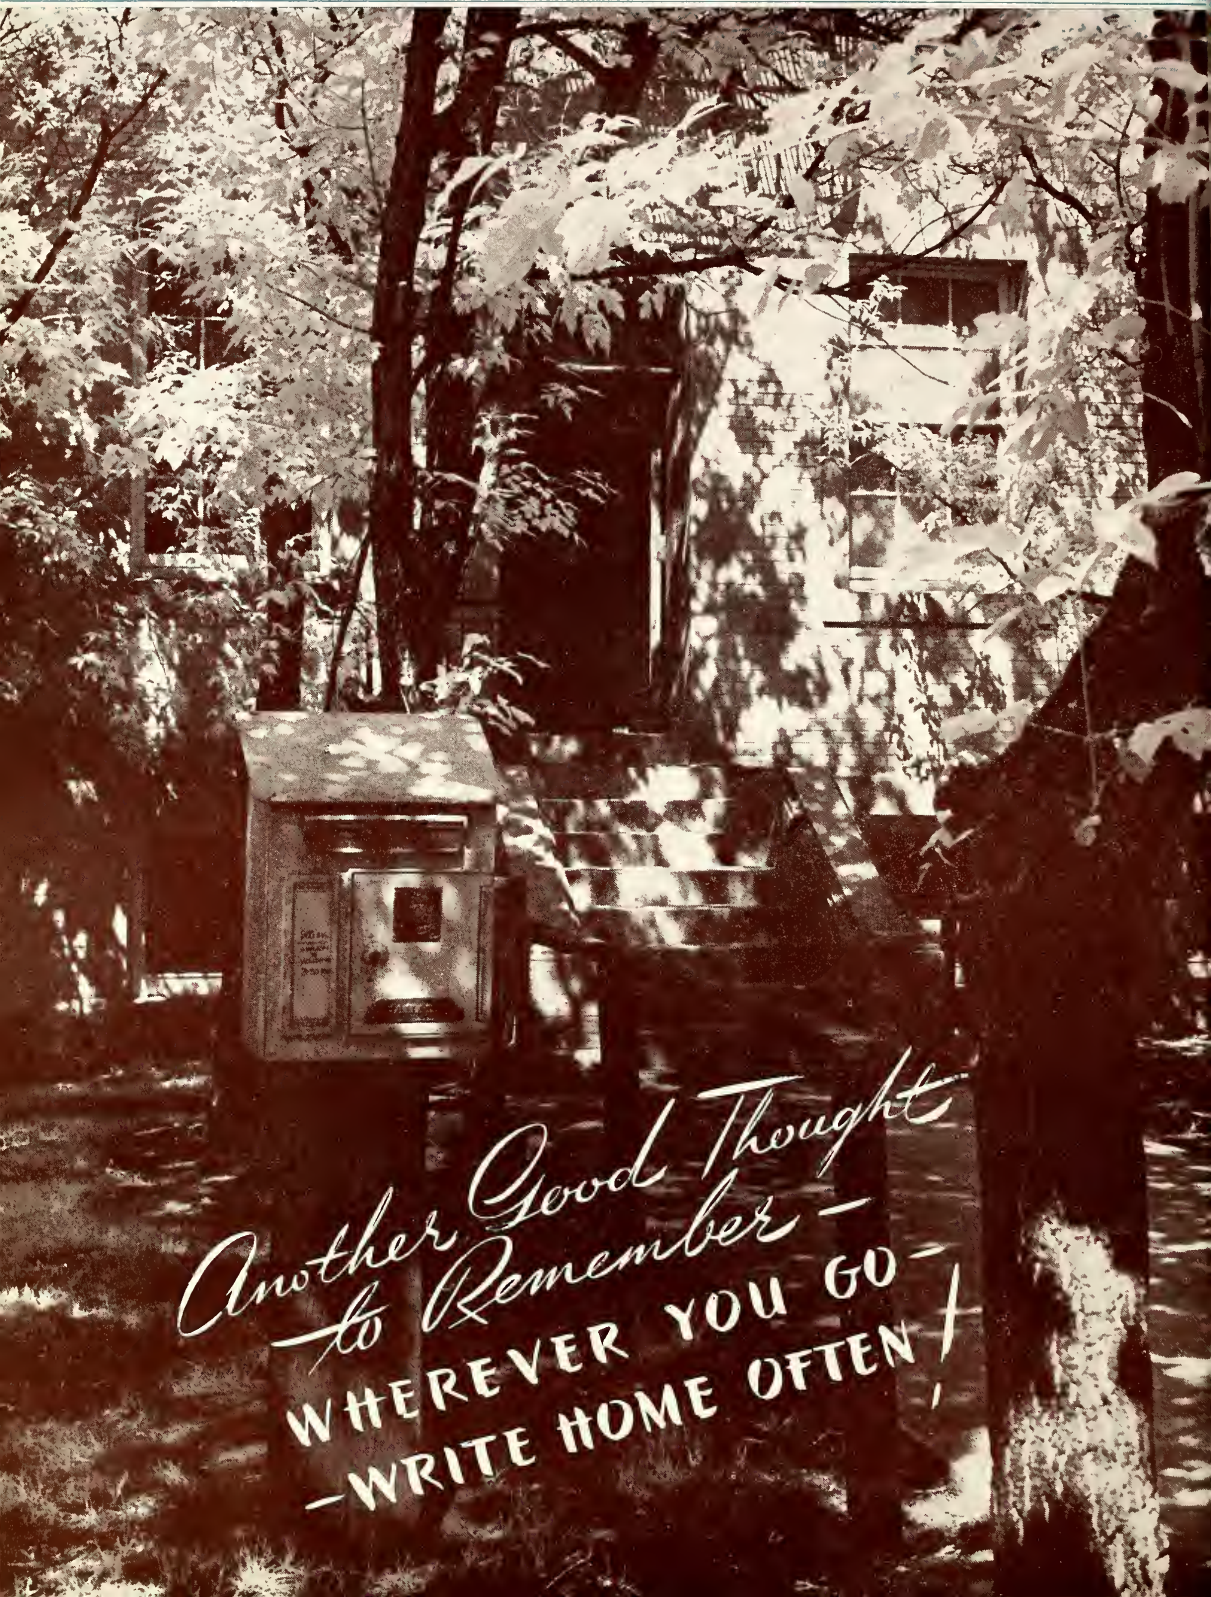
WITHOUT the cooperation of our advertisers the publication of this, the Evergreen and Gold 1946, would have been impossible. Let us express our gratitude, of which they are worthy, by patronizing them at every possible opportunity.

Thank you,

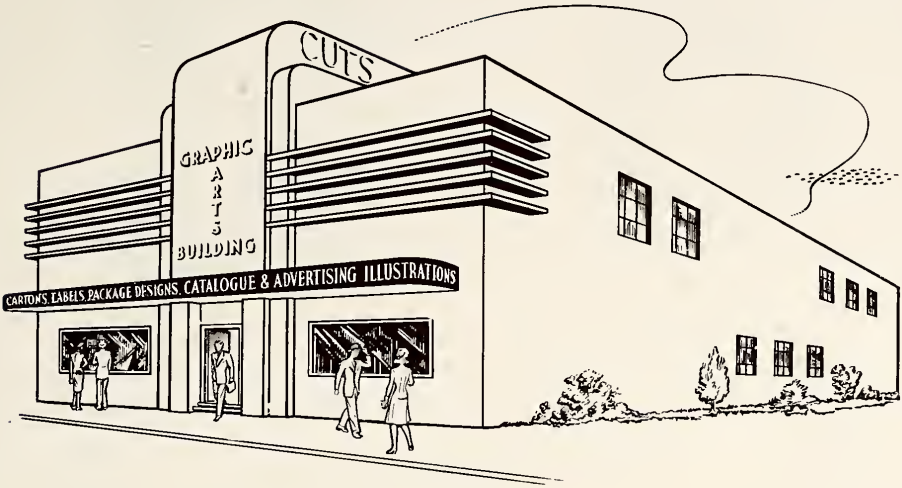
Colin Campbell,
Business Manager.

ADVERTISING

Western Canada's Complete



AS MODERN AS TOMORROW



. . . among the MEN who illustrate and photo-engrave for HOUSEZ LIMITED are those who have produced almost every design which has gone into EVERGREEN AND GOLD in the past twenty years.

The MODERN outlook of this firm of skilled craftsmen, tempered by a wealth of past experience, places it in an unparalleled position to serve brilliantly in the future.

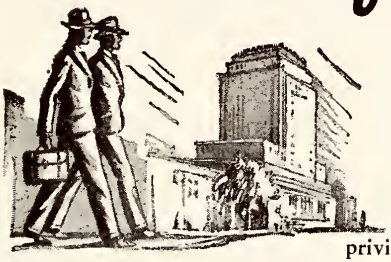
"MODERN TOOLS OF SCIENCE"

Canadian Laboratory Supplies Limited

TORONTO VANCOUVER MONTREAL

Men of Character,



initiative, and integrity, now seeking a worthwhile business career, are needed by the Sun Life Assurance Company of Canada. Previous experience in selling is not essential as successful applicants will receive the special training course given freely by Sun Life experts. This course fully qualifies you for the responsibilities of your new position. Steady income from the start. Pension and sickness privileges are also provided. The Sun Life of Canada is glad to have the opportunity of discussing with you a career in a business of high standing and repute.

heads you lose!

Tossing's a good way to pay for your milk shakes—but it doesn't pay off in success in the business and professional world.

Not to be too grim about it . . . but the people who get ahead are not the ones who are occasionally lucky but those on the ball in everything, including money matters. Start today to develop a good banking connection. It will be of immense value in the years immediately ahead. The manager of our Edmonton branch will be glad to see you and talk over your plans.

CALGARY *City of Enterprise!*

HOME OF THE
CALGARY STAMPEDE

A wonderful place to live; a great place to visit. A city of over a 100,000 neighbors living together in the true spirit of the West, nonetheless as modern as tomorrow in business outlook and industrial enterprise.

Calgary's prosperity is built on a foundation formed of many phases of nature's bounty. Far reaching wheatfields, great beef herds, Turner Valley's oil and natural gas, great deposits of coal, and vast reserves of hydro-electric power are but the highpoints of the rich natural wealth of the Calgary district.

If you can't come to live in Calgary, do the next best thing . . . . come and visit. The welcome mat is always out.

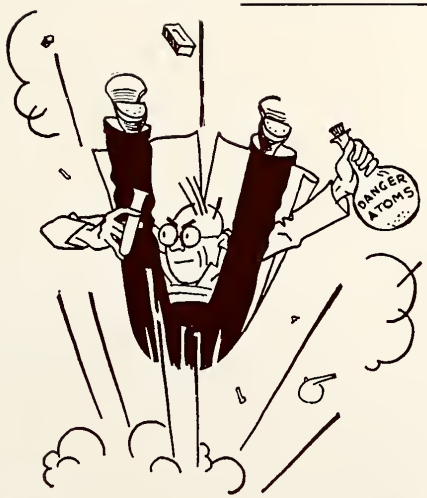
WHAT DO YOU PLAN TO BE



A Scientist?

It pays to experiment—when you know what you are doing. If you don't, you are due for unpleasant surprises. Of one thing you can be certain. No matter what your future calling may be, careful money management can mean much to your peace of mind, enable you to concentrate on making a success of your calling. A good way to acquire the habit of thrift is to open a savings account now even though deposits may be modest at first. We welcome your account.

Everyone benefits from

GOOD STREET LIGHTING

WELL-LIGHTED streets and highways are a community investment that pays all-round dividends—in public safety, traffic facility, social well-being and civic attractiveness. They minimize night-driving hazards—thus reducing traffic fatalities. They deter crime. They speed the flow of vehicular and pedestrian traffic. They stimulate business.

GENERAL ELECTRIC

STREET LIGHTING

Bright streets mean a happier community—a more active community—a more prosperous community. They attract crowds to centres of shopping and amusement. They set a new stage for living and leisure . . . they set a new pace for civic growth. Bright streets today need cost no more than dim streets and modern street lighting equipment is available which provides generous light. Prominent in the development of this equipment have been the lighting engineers of Canadian General Electric whose services are at the disposal of all authorities interested in street and highway illumination.

	1941	1945	Increase
Business in Force - - -	$11,576,903	$16,629,363	43.64%
Premium Income - - -	326,391	512,161	56.92%
Total Income - - - -	500,663	761,519	52.10%
Assets - - - - - - -	2,763,809	4,053,813	46.67%

Full Report Will Shortly Be Issued

An Increase of 10% in Dividends to Policyholders Has Been Announced

Preparing for the Future

The Commercial Life, just as soon as accommodation can be obtained, will establish at least three additional branch offices in Toronto and at other points within a hundred miles of Toronto large enough to warrant the establishment of a branch office. At other points within a hundred miles of Toronto, perhaps not large enough for the establishment of a branch office, we will consider the appointment of full-time and part-time representatives and The Commercial Life has developed a very attractive contract. Even though The Commercial Life may not be able to establish these offices at once, we would like to get in touch with anyone interested so that the matter may be thoroughly discussed and considered.

WOODLAND MILK IS . . .

PURITY-PROTECTED FROM FARM TO YOUR HOME

6 STEPS TO WOODLAND PURITY . . .

1. Herds and farm buildings are regularly inspected.
2. The raw product is regularly analyzed for bacteria count.
3. Every can is inspected by an expert milk grader.
4. Milk is pasteurized by latest methods.
5. Cans are sterilized before returning to farm.
6. Bottles are thoroughly washed and sterilized.

Woodland MILK

ANYTIME IS WOODLAND GLASS O'MILK TIME

Pioneering in Progress

To girls such as these third-year Home Ec. students shown in the lab. goes a good share of the credit for the present day evaluation of food. Through their activities and leadership they have helped to make the Canadian people realize that food must do more than just appease hunger.

Meeting the ever changing food needs of the nation . . . through new products and new processes . . . has been a basic policy of Burns & Co. Limited for more than half a century.

"Self-Contained" with "Self-Propelled"

Users like and appreciate the advantages of the Massey-Harris Self-Propelled Combine

"Self-Contained" harvesting is the regular custom now on many farms where there is a Massey-Harris Self-Propelled Combine. For with the Self-Propelled members of the family are able to handle the crop without additional manpower. With experienced help hard to get and with high wages in effect, the Self-Propelled has proved a great boon to the grain grower.

Users like the Self-Propelled too because it handles a lot of crop in a short time, does not run down standing grain when opening the field, and readily permits selective harvesting of the grain as it ripens.

Harvesting is easier, speedier, and more profitable with a Massey-Harris Self-Propelled Combine. Your Local Dealer will be glad to give you full particulars.

POWER

for the Needs of Expanding Industsy

Through the war years Calgary Power met all emergency needs and steadily continued its policy of looking to the future. One phase of this program was realized with the completion of the Cascade Plant, five miles east of Banff.

This plant has installed capacity of 23,000 H P. in one unit, with a head of 340 ft. The water supplying Cascade comes from Lake Minnewanka by way of a control dam and pumping station with 2,200 h:p. in motors, 2½ miles of canal, 2,000 ft. of 10 ft. diameter wood stave pipe, and 450 ft. of 8 ft. diameter steel penstock.

A surge tank 171 feet high is located at the junction of the wood stave pipe with the steel penstock.

CALGARY POWER Co. Ltd.

"SERVING ALBERTA"

YOUR FUTURE STARTS TODAY

The habit of thrift is the first step on the ladder of success. It is the starting point of all future progress. It will give you confidence and help you to build for the future.

Regular deposits in a Savings Account in The Dominion Bank will help you to form the habit of thrift and a growing account will enable you to plan more surely for the future.

WHY NOT OPEN A SAVINGS ACCOUNT TODAY?

"No, dear, I'm not a self-made woman," laughed Elsie, the Borden Cow

"But, MOMMY, of course you are!" argued little Beulah. "It's your *own* wonderful personality and executive ability that's put you where you are!"

"Oh no, dear," protested Elsie. "I owe my success to the men in my life—lots of them."

"Men!" cried Beulah, shocked. "What men?"

"Well," enumerated Elsie, "there are the Borden inspectors and the veterinarians who help the farmer see that all the cows who give milk for Borden's are in the pink of condition *always*. Then, there are all those fine men in the Borden laboratories—"

"How could those men with their funny old test tubes possibly help *you?*" asked Beulah.

"They guard *every single step* in the preparation of the foods that make me famous," explained Elsie. "Foods like cheese, ice cream, Evaporated Milk, Klim and fluid milk to name a few!"

"Maybe those men did help *some,*" conceded Beulah, grudgingly, "but I guess you had to be pretty good all by yourself to become the most famous cow in the whole world!"

"Of course," laughed Elsie, "I'm a Borden cow, and *if it's Borden's, it's GOT to be good!"*

— if it's Borden's, it's got to be good!
